OUTSIDE NEWS

Calgary Jan. 24.
The British government and the management of the Grand Trunk Pacific Railway have at last gotten together on the bankrupted ship, which has long been in controversy. The agreement was made yesterday in Ottawa that the railroad company to pay \$100,000 for the property. Edmonton, Jan. 24.—Eleven shocks in the Hudson's Bay reserve and a man too big were held up at the point of a barrel rifle, and the man alleged to be guilty of these crimes was carried by Constable Gault after an hour's chase through the last branch of the big city of last north of the city. THE WRESTLING MATCH

The wrestling match between Fred McKeown and Louie Larkins resulted in a win for the latter, he having thrown McKeown several times in about one hour and a half. It was the aggressive while Larkins stood on the defense till his opponent was thoroughly tired and then stepped in and won. The champion was then challenged by C. Scholten and when Larkins hit the mat his opponent brought down the house. It is anticipated that a match will be pulled off between these two in the near future.

A HARNESS SHOP

Mr. G. Francis of Delburne was in town on Monday looking over the ground with the prospect of opening up a harness shop here. Mr. Francis is a veteran in the harness business and recognizes the advantage of Alix. He understands he has made all arrangements and will open up business in a few days.

NEW YEAR'S RUMP

Probably the most enjoyable affair held in Alix for many a day was the New Year's rump. At 5 p. m. the children set down to a dainty supper served at the table of the Eastern hotel after which the grown-ups took their turn at the good thing provided. The rump band and a more jolly assembly would have been hard to find, they were all high for the occasion and in cases of singing, ring around a rose, many a rump, etc., spent several merry hours. The gathering broke up at midnight.

WILSON RE-ELECTED

The election on Monday for L. D. Councillor for Division No. 1 resulted in R. C. Wilson being re-elected by acclamation for another year.

SILVER ANNIVERSARY

A number of friends and relatives of Mr. and Mrs. Geo. Ross gathered at their home New Year's Eve to participate in the celebration of their silver wedding, it being twenty years since their wedding. Many were joined in wedding at Gaston, Asphie, Scotland. They were the recipients of many handsome gifts and well wishes as the party dispersed.

In another column of this paper the financial statement of the village for 1913 appears.

surprising what wonderful value
one gets each week in that paper.

content wholesome reading during
the year. No mistake can be made
in sending one dollar to The

so ill.

We have heard of chicken show-
ers and scorching showers but a
most a very hot shower has been
on Saturday two of our friends
treated us one with a card hand
and the other with a chicken
dressed and ready for the oven.
We make mention of this for a
two-fold reason, namely to show
our appreciation of a kind and to
the needy, and to show a certain
party that he is badly mistaken
in stating that Lait's friend left
in Alix district, and to inform
him that church members who
believe me, be Christians but in
our judgment are a very poor
one.

FORESTRY FACTS

Mr. R. H. Campbell, Director of Forestry, who recently returned from a tour of inspection of the Dominion Forest Service in the West, says Unquestionably the work there is better than this year than ever before. Not only have fire-fighting facilities, such as trails, lookout stations, telephone lines, tool-cases and fire yards, been very much improved, but the construction of good roads has made the pleasure resorts in these reserves more accessible to the public.

The forest or township of eastern Canada will be commercially settled. Already, the Dominion Entomologist has, the large saw fly has destroyed between fifty and one hundred per cent of the entire larva. This insect pest was introduced into the United States from Europe about 1881, and having few natural enemies in America, has spread over the whole eastern half of the continent. It is doubtful whether it will be brought under control.

The revenue from the forest of British India, under the administration of the Indian Forest Service, amounted last year, to fourteen million dollars. Over one and one quarter million dollars were derived from the sale of minor produce other than timber, and a similar amount was obtained by leasing grazing privileges in these forests.

Many runs of the Indians were destroyed with game have been noted in the West. One Dominion Forest Surveyor writes: "The Indians thought it was a enormous number of moose, of which they made over a half. When they take away only the hide, while they eat the rest, they have more than the last quarter."

ANNUAL MEETING

The annual meeting of the Presbyterians Church was held on Friday evening with the pastor, Mr. Leslie, presiding. The reports of the various organizations of the church were satisfactory. The report of the Ladies Aid being specially encouraging. The office-bearers for the year were afterwards elected, as follows: Board of Management: D. Ross, D. Martin, A. Mathew, H. R. Hall, D. A. McDonald. Choir-leader: D. Ross. Organist: McDonald, H. H. Hall, and E. J. Trickey.

SURPRISE PARTY

A merry party congregated at the Imperial Hotel on Friday evening of last week to bid goodbye to Miss B. Brainer who was leaving for home near Lagnan. Cards and dancing were the means of passing away a number of delightful hours and at midnight a delectable supper was served by Mrs. Lair. The music was good and the gathering lingered till the wee wee hours. On breaking up the merry makers were unanimous that "weenie of the best events held in Alix for some time."

LOVE STATIONERY AWAY

London, Jan 31.—Lord Strathmore arrived at 1:55 this morning. The aged statesman's last moments were very quiet, and he passed away peacefully in his sleep.

ADDITIONAL LOGS

This is winter in earnest, but it can't last long.

A. W. Lee was in Calgary a few days last week, returning home on Friday.

The Assessor has started on his rounds.

Mr. D. T. Dyer was a business visitor to Edmonton the forepart of the week.

In the neighborhood of 50 logs took advantage of the special train Tuesday evening to witness the hockey match between Coronet and Lacombe at the latter rink. The result was an easy win for the latter—score 7-2. A number of the Mirror sportsmen took the recreation.

Mr. C. D. Ricketts has opened a new park in the McGeorge residence just south of the lumber yard. His announcement appears here on this page.

It may be easy enough to fix one up an address vote for W. J. Correll prior to the polling, but somehow when the ballots are counted he always has a good margin, and at the recent election he was then declared the vote cast for his opponent as member of the L. I. D. Council for 1914. Once again Correll has always been progressive and the newspapers are content with his work and feel confident that their district will be well taken care of.

R. R. Smith returned Monday from his business trip through the north country as far north as Edmonton.

Dr. Anger of Stittville is at the Grand Hotel.

"Alix Oranee Burns Club" will commemorate the anniversary of the birth of Robert Burns, the Scottish bard, by a supper and dance at Todd's Hall this evening (Friday, Jan 23)

NEWSPAPER WORK

Editing a newspaper in this respect is a good deal like preaching. The gospel truth must be presented in the form of generalities or commonplaces to get hit and bow, say a recent writer. Few persons like truth, even in inescapable doses, if it hits them. But while preachers and editors are criticized for what they do not say, no one thinks of criticizing them for what they do say. Yet what they keep to themselves concerns the majority of what they know about people. Very many people are for the belief that newspapers are made to publish derogatory things. It is a mistake. There isn't a newspaper that could not spring a sensation in the community at any time by merely stating what it knows. There is not a newspaper that does not try to tell the truth.

The lack of every second of derogatory things which never meet the public eye or reach the public mind is the most trouble some part of newspaper work. If many good stories are kept from the news columns and for the public good nobody outside a newspaper office has any idea of it, it is no business to let it into a position where a newspaper prints something about it which he considers unsatisfactory. It has every reason to feel profoundly grateful to the newspaper for publishing as little of what it knows of him. And oftentimes the lowest bluffs of the most vulnerable to attack. A big waste of money is thereby expended to no result. Newspapers put up with some blaffing that may not be entirely correct. It is not because they lack courage; it is because they are unwilling to use their power to destroy.

It is a duty of society to demand it. It might be well for some people to reflect upon these truths and in which gratitude and in which indignation last week's editorial appeared in last week's issue.

—Western Editor

BEGIN THE YEAR WELL

The pleasure of every member of the family during 1914 can be considerably increased by reading each week that greatest of all magazines, The Family Herald and Weekly Star of Montreal. It has space for every one, old and young. It is really surprising what wonderful tales one gets such week in that paper. One dollar is a small sum indeed for such a vast amount of good news wholesome reading during the year. No mistake can be made in sending one dollar to The Family Herald Office, Montreal, for a year's subscription. It will be the best New Year's gift to the family.

BIG VALLEY DOCT- LEGGERS SENT UP

Edmonton, Jan. 19.—Men in the employ of the attorney general's department this week cleaned up an honorary joint at Big Valley. The place in question was a pool room run by "Mile" Thomas and Bert Wolfe. Both these men were as bad men and bosses of everything. The charge was smuggling. Both were fined and sent to a term in jail.

Dispatches from Ottawa indicate that the Dominion will undertake the parcels post early this month. Satisfactory arrangements have been made with the railways and everything is about complete.

Worse idea of the enormous importance of the forthcoming establishment of the system will be gathered from the fact that of small parcels weighing a pound or two there will be an approximate rate saving of from 10 to 15 per cent, on the charges for transmission and of about 35 per cent on parcels weighing 11 pounds as compared with the rates at present imposed by the express companies.

COUNCIL CALL FOR TENDERS FOR ERECTION OF FIRE HALL

A special meeting of the Village Council was held in the Secretary's office on Monday afternoon to receive the report of the delegation to Calgary for purchasing fire fighting apparatus.

The report was to the effect that two "Every Ready" 80 gallon chemical engines, with reel, hose etc., had been purchased. Also a complete fireman's equipment comprising: coats, helmets, respirators etc., from the Winnipeg Rubber Company.

This equipment is believed to be sufficient to extinguish any blaze that might occur in our village and under the supervision of a competent fire chief will always be in readiness and in good repair.

The matter of fire hall was then discussed at some length, when the Secretary was instructed to receive bids for a new two story building 22x30, containing fire hall, store room, and council room, to be erected at once on the town square. The equipment will be here in about three weeks and suitable accommodation will be made for everything.

A special meeting is called for Saturday of this week to consider tenders and receive report of fire inspector.

\$80,000 FIRE AT BAMFF

Bamff, Feb. 7.—Fire broke out shortly after nine this morning in the King Edward hotel and spread to adjoining structures threatening the whole business section of Bamff. For over an hour the water hydrants were frozen up solidly and when water was finally procured the hotel was practically demolished. Other phases of business destroyed included the Law chambers, the O. K. Electric Co., provisions, and J. D. Anderson's Tailoring Co. It is estimated that the damage done will amount to \$80,000.

DRESSMAKING

I HAVE OPENED A DRESSMAKING PARLOR IN THE OLD GENERAL MERCHANDISE, BACK DOOR YARD, ALL WORK GUARANTEED. ORDERS AND VISITS WELCOME.

MRS. G. D. RUTHRUFF

DON'T RUN AWAY

If you don't like the kind of town that this town seems to be, if things are running down your eye here is one.

If something isn't up to date, or good as things of old.

While other towns are simply great, or as you have been told: If you would like to see a place that's full of push and snap, a town that hits a faster pace, a town that is on the map.

Yes, if you don't like to know, to find it in a jerk.

I'll tell you where you ought to go, you ought to go to work.

You needn't park a trunk or grip and leave the folds behind.

You needn't go and take a trip some other place to find it. You needn't go and take a ride down some where of old you said.

For if you want that kind of town, just make it that of this.

DON'T TAKE CHANCES

History is full of warnings about buying a pig in a poke. This is only another way of saying that you should buy articles of value, articles that will bear inspection.

The merchant who advertises his goods thrashily shows confidence in them. He would not spend money to sell their articles unless they had merit. His advertisement is an invitation to test his sincerity by testing his goods.

You take no chances in purchasing goods advertised in this paper. The advertisement is a guarantee of quality. Look on the goods as articles of value, things said to be "just as good" as any other good. Use the guarantee—the kind that is advertised.

Read the label on your paper.

DEATH VISITS HOME OF MR. AND MRS. HAMPTON

Ellen Isabel Hampton, aged four years and nine months, beloved daughter of Mr. and Mrs. Herbert Hampton, passed away peacefully on Saturday, Jan. 31, after a few days illness of apoplexy. Her illness was short, but her death was a great shock and the sympathy of all goes out to the sorrowing parents.

The funeral service was held on Monday, at their residence, Rev. Hudson officiating. The hymn "Hark Ye to the Shepherd's Voice" 11th verse, which was Mrs. Hampton's favorite, and also offered herself, was used to open the service, being sung by a chorus of children. Four little girls, friends acted as solo singers.

The tiny casket was heaped with flowers, many of them sent by far away friends. A large procession followed the funeral, the little one to her last resting place, to pay their little tribute to the little girl who held such a warm place in their hearts, and who had, on many occasions, cheered them with pretty songs.

FROM OUR EXCHANGES

A Minnesota editor has figured it out that the women do not even move more slowly than a man, and will be the same and yet without his wife's consent, he must pay her bills whatever they are; if he divorces her she can just him, she divorces him he's got to take his medicine, if he jilt her she can sue him for breach of promise, if she jilts him he gets a hanging; if he does her the property; if she does he gets the fun rail ticket; if she ships her he gets the shipping pin; if she kills him with the skillet the whole country has to do with it. And she still wants more rights.

It is only a matter of a short time before the United States will have control of the telephones and telegraphs. In Canada we are saving the other way. The telegraphs are under control of the railways, which also have control of the country.

Calgary, Feb. 10.—Mr. McManis, the Grand Trunk Pacific agent, came to Calgary yesterday and a suggestion to continue work on the projected line to the ad. border side of the mountain, will do no limiting and more definite in structure means, superintending those men that he would allow nothing to be done until work was received from Regina. The work between the Grand Trunk Pacific engineers and the mount. It is now authorized by the Canadian government, in the near future, and the Grand Trunk Pacific will be in position to begin service out of Calgary on February 22nd, and purposes installing a 24 hour electric telegraphing plant. An interlocking plant will also be installed at Edmonton.

OWEN, Feb. 10.—A number of selling merchants' committees are in the capital, with the government changes in the home and ranching regulations and other matters of interest to the Western provinces.

The continued cold weather makes the coal men smile.

VILLAGE OF ALIX

The Council of the Village of Alix call for sealed tenders for the erection of a Fire Hall on the village square.

Plans, specifications and particulars can be obtained from the Secretary-Treasurer to whom a tender must be delivered not later than 5 p.m. on Saturday, Feb. 14th. The lowest or any tender not necessarily accepted.

G. H. DARLOW, Secy.-Treas.

A share is being held this evening in Alix hotel. A notice or contracts will supply the music.

London, Feb. 10.—King George today opened the fourth session of the present British parliament, a session that promises to be a history making one owing to the important constitutional questions to be debated.

It is quite correct that some of our leading citizens were invited to attend the banquet which was given at the Hotel Victoria in honor of the visiting members in their honor. The list, sometimes slightly calculated on one, is often without respect of persons.

And still we have weather and lots of it.

Recently we read in an ex-
change the coat of a girl who
stopped in her father's house,
the heading of the article was: "Flea
father's pants"

The effect of the education of
the farmer upon farm earnings is
pointed out in an editorial in the
New York Nation of recent date.
After pointing out that from
237 typical farms in Illinois,
Iowa, and Indiana, as shown by a
Government survey, the average
labor income after deducting in-
terest on capital invested was
for the year 1911 just \$439 the
writer dealing with "education as
it affects farm earnings." This
table shows that the farmer with
a common school training gets
from \$261 to \$712 for his labor;
the man with a high school train-
ing, from \$651 to \$1292; the
university farmer, from \$726 to
\$1721.

Gadsby, Feb. 24—Damage to
the extent of \$80,000 was wrought
here last night by a serious fire
which practically wiped out the
business portion of the village in
the short space of three hours.
The cause of the outbreak was
a store which became red hot in
Hagler's pool hall which stands at
the south end of the main business
street. So quickly did the flames
catch hold that despite the efforts
of the firemen, the entire
business portion adjoining were
soon enveloped, and fanned by a
strong south wind swept through
the village a still big pile of
the fire had started the Royal
bank and was also a pile of
the fire well of that tonight on the
above damage had been done.

On March 6th Mr. A. A. Smith,
a young man recently to the hunter
of "the west" and district, turned
over his business to James Brown
and Hicks, two well known young
men of Oxy. We learned from these
gentlemen that the support that
has in the past been accorded the
proprietor and his countrymen with
a business the success of the area
is assured. We are pleased to state
that Mr. Smith will still reside in
Oxy and will have some other line
of business.

Mr. Robert Asher has taken
over the Meat Market from Mr.
Hamer, who leaves shortly for
his home town of Lacombe.
Mr. Hamer has been in the
business for over ten years and
in Red Deer was successful in
conducting an enterprise with
the assistance of his Majesty's
at the Dominion Lands title
office. We are sorry to lose this
esteemed couple from Oxy but
wish them every prosperity on
the farm.

News, Horton & Winkler
are the new proprietors of the
old Oxy store. They will carry
a complete and fresh line of
general merchandise and their
merchandise will be "worthy to sit
with this young combination
every prospect.

The box social held recently
by the Hockey Club was in every
way a success and netted some
\$60.00. The company was entirely

local team. The third prize was
taken by the local team. The
fourth prize was taken by the
local team. The fifth prize was
taken by the local team. The
sixth prize was taken by the

was taken by the local team. The
eighth prize was taken by the
local team. The ninth prize was
taken by the local team. The

Ladies Aid at the home of Mrs.
Bickel on Feb. 24th.

fortune to lose his valuable
diamonds, valued at \$2000,
a few days ago.

last week's issue. We had the
misfortune to break the printing
underneath the newspaper press
which necessitated sending to
London for repairs. However,
we are again delivery by Saturday
with this issue we open another
year and trust that as February
of 1914 rolls around again to be
remembered to report better times
both for the newspaper and the
business men generally.

cordingly.

DANCE ON MARCH 17

Arrangements have been made for the holding of a masquerade dance in Todd's Hall, Alix, on the evening of St. Patrick's Day, Tuesday, March 17th. H. Evans is the manager and assures us that good music and a good time await those who care to attend. A midnight supper has been provided for at the Grand Hotel. All are invited.

THE FARMERS' CONVENT

A meeting of the U. F. A. was held in Todd's Hall Saturday afternoon with President Harnfield holding the reins and Secretary Finlander riding the quill. A goodly number attended and a profitable meeting was the result.

After reading and passing the minutes of the previous meeting the President called for applications for membership and in the neighborhood of a dozen names were added to the roll.

The secretary then read a letter expressing regret that Mr. E. Carwell, advertised to address the meeting on The Alix Farm Co-operative Elevator Co. was unable to be present.

It was then decided to hold the meetings during March and the secretary to do his best in the meantime to procure a speaker for one of the meetings.

The question of co-operative buying and selling was then ably handled by Mr. Geo. Ralston and after a thorough discussion it was moved and seconded that the Secretary write Calgary for prices of various farm necessities by the cash.

The meeting then adjourned.

The women's Alberta Medical Festival competition will be held in Edmonton on May 19, 20 and 21.

POOL ROOM TRANSFER

On Friday last week a change took place in the Star Pool Room when D. T. Jones resigned of the position to W. Patrick. "Pat" is well known and popular in and around Alix where he has been laboring for the past year, and no doubt as proprietor of the "Star" he will retain his just popularity.

THE EDITORS ALLEGORY

A man who was too economical to purchase or subscribe for a paper sent his son to borrow the copy taken by his neighbor. In his haste the boy stumbled over a \$1.00 stand of bones and in about two minutes reemerged a weary summer suitor. His father ran to his assistance and, failing to notice a barbed wire fence, ran into it, cutting a handful of flesh from his anatomy and receiving a five dollar pair of pants.

The old cow-tow advantage of the goblin the fencer, walked into the field and killed himself eating green corn. Hearing the racket, the wife ran out, took a four lettered word from the fencer's mouth, in her haste she dropped a \$25.00 bowl of false teeth. The baby having been left alone, crawled through the spilled corn and into the parlor, ruining a new \$20 dollar carpet.

During all the excitement the oldest daughter ran away with the hired man; the dog broke up dinner setting him and the cat broke out and chewed the tails off her new shoes.

I like your aback the maiden for he had bled her before she was married.

The new book saw and I shot one, I don't like you, he answered rudely.

COUNTRY WOMEN'S CLUB

The second general meeting of the Country Women's Club was held in the St. Patrick's parlour, Alix, on Saturday, Feb. 25 when between fifty and sixty women from the surrounding farms were present.

Miss Murray gave a very interesting address on her tour through India, illustrated by views of the beautiful old buildings of that country, and some from patri life, which were much appreciated by the audience. The next meeting will be held on the last Saturday in March (28th) at 2:30 p. m.

JOINT SERVICES

Register last Wednesday night a service of joint services will be held the following at Wednesday in the Presbyterian Church at 8 p.m. The Rev. M. J. Leslie and the Rev. O. Crockett are welcome in this way to emphasize that they feel as completely shared by both the foundation of the Christian religion. Two addresses will be given every Wednesday evening the subjects of which may be on the handbills which are being distributed. The main idea running throughout these addresses is "There are no two Gods but one." A statement from the bible will be taken each time and the subject of his search after God will be explained and at the same time one of the sayings of Christ carrying out the same truth will be taken. At the conclusion of the service questions will be asked.

It is hoped that this effort of the two churches will be appreciated and all will attend. On Wednesday of next week

the subject will be "The knowledge of God through prayer." A full list of the services appears on page 4.

U. F. A. MEETING

A special meeting of the local union U. F. A. was held in Tuck's Hall at 2:30 p.m. on Saturday last, President J. E. McNeill in the chair.

Minutes of the previous meeting were read and approved. The monthly circular from the General secretary was read and ordered to be placed on file.

The secretary then read a four page letter received from the 22nd Union Milling & Elevator Co., Ltd. Bridge, offering ten grade of flour in carload lots P. O. B. Alix at \$2.00.

An alternate proposition was also offered whereby members of the Union could buy the same flour from A. Mackie in 500 lbs. lots at \$2.00 per ton. The matter being discussed it was moved by V. Schell and seconded by J. Todd that we accept Mr. Mackie's offer. The President then called on Mr. J. R. Mackie to explain to the Union a proposition he had to handle the legs of the members, Mr. Mackie took the floor, and after the matter had been thoroughly discussed it was agreed to accept Mr. Mackie's offer and appoint him agent of the Union in the future. It was also agreed that members ship exclusively through him.

Seven new members were added to the roll making a total of 48.

On Saturday Mrs. B. Belliveau went to Lacombe to spend a few days with Mr. Belliveau at the hospital.

H. B. Wood was a Lacombe visitor last week.

FAREWELL

On Monday, March 23rd, Rev. A. B. Leslie, for the past year pastor of the Presbyterian Church here, has been leaving his home here, having resigned his charge to resume work in his old fields in the West Indian and South American. During his stay in Alix this vicariously family have made a large number of friends who regret very much to learn of his departure. As Alix district was too small to support a minister and we regret to say that services were only made to late.

to allow the present pastor to remain with us. At the Presbytery on March 24th it was decided to combine Tom and Alix and the new minister will have two appointments in place of one. But Mr. Leslie being informed of this change earlier he made arrangements which have been made to keep him with us. We wish him and his life partner God speed in their noble work elsewhere.

TWO WEDDINGS

A civil wedding took place in the Presbyterian Church on Monday when Miss Flora McClellan and Melvin Herbert Olsson both of Melrose were united in the holy bonds of matrimony by Rev. A. B. Leslie in the presence of only their immediate friends. The happy couple drove back to Melrose where they have taken up house.

MILK-LITTLE

Rev. A. H. Leslie of Alix tied the knot on Tuesday which made Elizabeth Helen McKenna of Calgary, and Robert Henry Lytle of Strathcona, one. The ceremony was performed at the home in the afternoon, and the following morning the happy couple left for Strathcona where the groom is a student fitting for the Presbyterian Church.

The wrestling match on Saturday night between C. Schuler and George Larkin was won by the latter, getting ten falls out of them. It was a good bout and both the boys sprained hand all the time.

I. O. O. F. AT HOME

The members of Alix Lodge No. 34, Independent Order of Odd Fellows were "At Home" to 100 guests on Friday evening of last week, the number being thirty Annual Banquet and Ball. Dancing was held in Todd's Hall and the supper served in the vacant store building across the street.

Throughout the evening the committee who were in charge of the program were utilizing their efforts to make it an enjoyable one for all present. Many were the compliments paid the Banquet orchestra for their excellent music which was highly questioned the last ever heard in Alix. The supper was partaken of at midnight, after which dancing was resumed till the small hours of the morn.

Again the Odd Fellows collected themselves, which is very usual.

The patronage system is the cause of most of the graft and crookedness in public life. This mad rush for position is responsible for most of the malice in elections and after elections. If the patronage will were more improved conditions would be much improved. The government cannot supply the demand for positions. For that reason the party that distributes the patronage is a discreditable from the singular standpoint.—A. H. Brown.

quity.

Buying your necessities at home, and selling your produce at home, is what makes the home market, and contributes largely to the making of the home town and the security of the sort of place in which we generally wish to live and die.

Town and Country

Out in the country, and man made the town. What wonder, then, that health and virtue should most abound and least be threatened in the field and grove? But while man made the town, God laid the foundation for them. They have been a large of life along the pathway of humanity and religion. In these great men have been born and great minds conceived and developed. Behind their walls freedom has fought her subtle battle. They have stood on the surface of the earth like great breakwaters, rolling or turning aside the swelling tide of oppression. Country towns have been the cradles of human liberty. They have been the native nurseries of almost all church and state reformation.

MARY TOWN'S NOT DEAD—ONLY NICE

Whether, of course to live, prosperous towns not dead and are dead and ready for the last and rise. Of course, there are many towns which are not dead only sick. They need a tonic to quicken their pulse; they need general treatment by a community specialist. Or, better still, they should call their "pills" and their condition and awaken to a full realization of their position and condition.

The wise farmer is looking for the best market possible for his products. He will naturally find it in a live town where there are live up to date merchants and business men. These men are not only making good markets for the farmer but are vitally interested

in the welfare of the town and surrounding country.

They are beyond the results of one day's trade, and realize that there is something more in life than mere money making. They are actively interested in bettering community conditions from an educational, social, moral, as well as financial standpoint.

Effort in this line is not confined to the town alone, as the merchant is well-situated beyond the corporate limits. The town is made a community and trade center for farmers as well as for the townspeople, where there is a lively co-operation which makes for universal good. The Standard Union Best Trademark. The live town functions a market for all kinds of farm products. It has become a center of exchange, which supplies every live commodity from a cow to a steam tractor or the latest modern machine. Modern merchants pride themselves on their ability to serve the buying public. They fill their stores with commodities of a standard quality which makes and keeps customers.

Let it be remembered that standard goods, bearing a registered trademark will for the same price the world over and the standard user's guarantee of quality to serve behind it in the village store as well as the city m-mallite emporium.

The lower grade goods and "seconds" never carry the same name and are sold almost exclusively by the retail catalogue houses to consumers who have not an opportunity to inspect the goods, or who order the price rather than

A tragedy—Tuesday night last, the school, while from London, that had gone home before.

There was a time when it was of nature that men give. The school, which had been in the hands of the school, was in the hands of the school.

ODDFELLOWS OBSERVE ORDER'S ANNIVERSARY

**Attend Special Service In The Presbyterian
Church Sunday Afternoon**

"The members of Alix Lodge No. 58 and Dorothy Rebekah Lodge, together with a few visitors, attended divine service in the Presbyterian church at 3 p. m. on Sunday last.

At the church the services were conducted by Rev. T. C. Oline, a member of the order.

The parade formed at 2:30 at the lodge room and proceeded to the church where on the entrance of the Oddfellows, was crowded to the doors.

Rev. T. C. Oline took his lesson from the fifth chapter of Matthew beginning at the 30th verse, and based his remarks on the word "unprofitable," stating that there was deep significance in the word. The scriptures did not say "an Christian" but "unprofitable" and

that the three-fifths order was doing a great part outside the church towards the establishment of the Heavenly Kingdom here on earth. He also pointed out that all symbols of the Order were identical with the teachings of Holy Writ and that Friendship Love and Truth at taught by the principles of Oddfellowship, were symbols of the teachings of Our Master.

The sermon was eloquently delivered and commended the attention of the congregation throughout.

Hard Times Not To Be Deplored

A number of Alix people, in common with many other small towns, are in the dumps. They are gloomy and despondent. They have no bright expectation. They are convinced that business is bad, that it is not getting better and that altogether the country is in a bad way. One or two talk as if they had had faith in the town and the district.

These men who are talking like this are not acting disinterestedly, judiciously or wisely. It is true that there is a depression in Western Canada, in all Canada as a matter of fact, and we are not coming out of it as rapidly as we hoped. But we are moving that way. Good times or bad times, to a certain extent, is a matter of confidence. If we sing a doleful song, we shall without doubt fail. If we sing a glad song, better times will come all the sooner.

We could not have prospered properly until we looked for it in the proper place. We had to get wealth where it was and that was in the Alberta soil. Before the district ever began to be as rich as it should be, the people must till the soil and produce the wealth. And that is what the people are beginning to do.

To the soil we must look for the future development of the district.

Despite the bad season settlers are coming into the country almost as rapidly as ever, and we are told the settlers are the very best, who will start right in developing the

country and producing wealth. This is a good sign.

The hard times that are being deplored, in our people had the idea when ideas are not to be doing their duty to themselves and to their country if they make a quick turn in hand and make a lot of money by it. They forgot that the country was no better off because they made a lucky deal. They are feeling out now that it is possible that they are not so much better off themselves and many of them are now at work. That will be better for all concerned.

There is nothing to be despondent over. Some people are having a hard time in making things go, but an amazing number in the changed conditions, and in a few months conditions will be better than ever.

Then let us rejoice and be glad and look for better things later.

GO TO OUR FURNACE

For the last time we fill the geyser man.

For the last time on "mat" and "spg" don't feel.

The with a final line we close the door.

It matters not now if you gleam red.

We will not shake them. If thou chide for air.

We will not run a poker down thy throat.

To free a lusty citizen. No, my friend,

Just once too often hast thou "got our goat."

Be "in-or-out" 'tis all the same for, one.

The spring has come and thy head shows are free.

The funeral took place to Alix Cemetery on Monday, May 26th, of Percy, only son of Mr. and Mrs. Harry Hudkins. About a year ago the young man left for Michigan and while there he contracted lung trouble and early in the month started for home but owing to his condition he was refused permission to cross the line. On the 12th a wire was sent to his father who took train next day for Michigan where he arrived on Friday and Percy died on the Tuesday following. The remains were brought to Alix for interment. He was the prime of life, only 17 years. We join in extending sympathy to the bereaved parents and sister. We have pleasure in printing by request the following parable.

He never stood guard at the golden gate
With arms made and motion.

When to the top of the golden stair,
Against a woman's head.

From the city of the golden stair.

He came down to the golden stair,

CALCARY FAIR

Indications are that the Calgary Industrial Exposition which opens June 25th, will draw the largest crowd of Alberta visitors in its history. Last year the attendance was 100,000 but this year it is expected that the exhibition themselves will register at least 150,000 visitors. No effort has been spared to make this year's popular summer fair larger and better than ever.

With the opening day still several weeks away, the number of entries being received daily and the reservations being made in the buildings, indicate that there will be much to see in this year's Exhibition. The Better Babies Contest is proving very popular among Alberta mothers. Other features are special prizes for children, a general prize list for live stock, large prizes for grain and special prizes for bread. There will be high class entertainments including exceptionally fine fireworks, and a grand military tattoo in which 125 musicians will take part.

Editor Gill Goes To Quebec

Mr. N. A. Gill left for Quebec on Wednesday last, where he will attend High Court of the Canadian Order of Foresters. Mr. Gill was chosen to represent the Dalhousie Lodge, Coast Hwy No. 1940. This speaks well for the Lodge which is not yet a year old, that the members were willing to send a representative to High Court.

Country to previous announcements members of the thirty party will sail from Montreal on July 3rd by the R.M.S. Granplan to June 22nd via the R.M.S. Virginia recently chartered to the Canadian Pacific Railway. The Granplan is a comparatively new boat of nearly 11,000 tons with accommodation for 500 men and cable passengers and was chartered in 1902 by the "Hands across the sea" movement for a similar purpose. The entire first and second class accommodation will be thrown into one so that members will have access to all parts of the ship.

A special train will leave Winnipeg on June 28th over the C.P.R. for Montreal, via Toronto. The party leaves Montreal on the morning of the 3rd and lands at Plymouth on the 11th when will commence a month and a half of continuous enjoyment.

Returning they will leave Ang 2nd by the "Steamline".

For all information visit Honorary Organizer, Dept. Education Winnipeg.

Card of Thanks

Mr. and Mrs. Leslie Baker wish through our columns to thank their many friends for the kindness shown during their recent home visit, when they lost their baby girl.

Reliance Oil Ltd. WHY?

Here are several reasons why Reliance Oil Ltd. (non personal liability) is the safest and best company to invest with today.

The company is composed of Dependable Edmonton Business Men who guarantee in their prospectus to give you a square deal. The company covers both the Mackenzie and Alberta fields. All money will be used for immediate drilling and purchasing new leases nothing else. No promotion stock so paid off.

These facts explain why thousands of stock have been sold in the last week. The 4th at 25c per share (par value \$1.00) is now selling fast. TUNE ENDERS

Final Agent, 540 Taylor Block Edmonton, Alberta

One reliable agent wanted in each town. Wire today for circular. In the heart of the new oil fields, head roads of miles west of Edmonton, lie a lake whose waters are always troubled, into which a large river flows but out of which there is no visible exit. The leader of a survey party just met by the Dominion Forestry branch to examine the forests in this wild region, that the Indians knew this lake as the abode of evil spirits and in its confines in this region from time to time, deep rumblings may be heard where for below the surface, the water swirls the thick sludge about. The river that enters the lake rushes from a subterranean cave many miles down the valley, the portal of which no man has ever passed.

ADDITIONAL LOCALS

R. L. Tordoff shipped a car of logs to Calgary on Tuesday.

The Moose Creek returned on Wednesday from a two week visit with friends at Wetaskiwin and Hinton Lake.

W. L. Fickett attended the Gun Club shoot in Edmonton this week, returning home Thursday.

A heavy snow pass-d over this district on Wednesday in which torrents of rain, mixed with hail, fell. To the north and west, considerable damage was done to the crop, while a number had windows broken by the hail.

Mrs. G. R. McGoogall returned to her home in Botsie on Saturday after having spent a few days with Alia friends.

J. H. Williamson left Saturday morning via C.P.R. for his home at Tottenham, Ontario, where he will remain for the summer. Mrs. Williamson and family have been in the East for some time and he has gone to join them. As a business man and society Mr. Williamson was highly esteemed and he leaves behind a host of friends who join in wishing him every prosperity.

School closed today for the summer holidays. Next week Principal Hays is providing examination at the Penfold exams and next month goes to Wetaskiwin to act as the examining board. A SCHOONER loaded at the wharf and we held at the home of Mr. D. Melvin the forepart of the week. We are truly surprised at the rumor (broken chairs, etc.) that is going the rounds. Of course it can be nothing but the wagging of millions tongues.

Last week Mr. J. Told told on our table an average couple of Alfalfa taken from his 14 acre patch. It measured eighteen inches. The feed presents a pretty sight and gives to prove that it is good and to become in the leading source of fashier supply in Alberta.

Paul Tordoff has assumed himself in black attire as a tribute of respect for the two athletes that took their departure for Kingston on Friday of last week, at Miss Livery Barn, Alia. The sympathy of the old family is extended to the boy with the black shirt.

Mr. and Mrs. Gollberg have moved into R. Ross' house on Lake street.

Little Girl

Little girl, you look so small,
Don't you wear no clothes at all?
Don't you wear no shiny shirt,
Are these all of your underclothes?
Don't you wear no pretty skirt,
Just your smock and your hair,
Are these all of your underclothes?

You little girl, when on the street,
You appear to be all right,
You wear your dress so very tight,
You certainly are a awful sight,
Noting on to keep you warm,
Crazy just to show your form.

Little girl, you won't live long,
Just because you dress all wrong.
Can't you wear more underclothes
Than your smock and your hair?
After a while I believe
You will dress like Mother Eve.

Hymn Before Action

The earth is full of anger,
The sons are dark with wrath.
The strong in their harness
Up against our path.
Yet yet we know the legends—
Yet yet we draw the blade!
Saviours of the Thousand
Lord God of Battles aid!
Right lead and forward bearing
Fierce heart, rebellious bow
Dead men and soul mourning
We seek Thy mercy now!
The corner that frowns down
The foot that passes thee by.
Our times are known before Thee
Lead give us strength to die!

Who claim the land beside us
At all times not Thine own.
Who look the light that guide us
Lead, let their faith come.
If wrong we did to mill them,
By human hands they came;
Let God Thy work fulfil them
Lead them to us in shame.
Even now they staggered nations,
Now now we have the flag—
Thee they do not know our fathers.
Help them our help today!
Fulfilled of signs and wonders,
In him, in death mark clear
Jehovah of the thousands,
Lord God of Battles, hear!

ALIX BOYS LEAVE FOR RED DEER

On Monday W. Siborne and T. Yezer left for Red Deer to join the 35th Central Alberta Horse which is recruiting for active service. In this hour of strife the Netherlands is calling on Canada to give of her manhood and Alix feel proud of the fact that the boys are ready to respond at her own threshold. My God bless and protect our boys and bring them safely home when the war cloud passes.

35th C. A. H.

The 35th Central Alberta Horse are recruiting in Red Deer for war, for infantry service in Western Canada. Most of the Alix troop will not volunteer until cavalry are wanted, although two of our boys left for Red Deer on Monday.

R. C. Wilson resigned his commission in the 35th last week and intends to enlist in the first Calgary regiment leaving for the front.

PINWELL-DICKENS

A pretty wedding was solemnized at St. Francis church at 11 a.m. on Tuesday, August 18th, when Florence Marion, eldest daughter of Alfred Dickens Esq. of London, England, was united in marriage to Mr. Frank Pinwell J. P. of Alix. After the beautiful service of the Anglican church had been performed by the pastor Rev. O. Oraghien, the party proceeded to the residence of the groom's brother, Mr. C. R. Pinwell, where the dinner was spread, consisting of all the season's delicacies.

The bride was charmingly attired in blue and carried a beautiful bouquet.

The happy couple went to the residence of some beautiful and pleasant persons.

Mr. and Mrs. Pinwell have taken up home on the groom's farm two miles south-west of Alix. We join in extending our congratulations and good wishes.

What you think? One cannot resist it to name, and name. Ladies and gents will be much interested in the church.

ADDITIONAL LOGALS

Mrs. Thompson of Becha was a guest the forepart of the week of her son, Mr. A. Thompson.

Mrs. H. H. Smith and children are guests of Mr. Smith's parents at Pine Lake.

A number of the local sports are apparently under the impression that the duck and chicken season opens the same date and are therefore liable to get into trouble through ignorance. The duck season opens on September 1st and lasts four months, while chicken and November are the only months in which chicken and quackery can be shot.

Mr. C. M. Tarnwood and Master Ralph returned this week after visiting with friends at Camrose for a couple of weeks.

Miss Lather returned from Ontario on Saturday last in time for the opening of school.

The prize list for the Alix Fall Fair have been completed and a copy may be obtained from the secretary, O. H. Darlow.

The regular monthly meeting of the U. P. A. will be held on Saturday, Aug. 29th. All members are requested to be present on matters of importance will be brought up for discussion.

Mr. R. H. Hall returned last week from spending a couple of months with friends at her old home in Nova Scotia.

Mr. F. M. Harris, who has spent the past two months in B. C., is at present visiting in Alix.

School re-opened on Monday after the summer vacation with Principal Haynes again visiting the brick.

The next meeting of the Century Women's Club will be held in the Parish Room, Alix, on Saturday, Aug. 29th, at 8 p.m. Papers will be read by Mrs. Ottwell and Mrs. Barritt on "Cooperation Between Home and School" and "What a school should know before going the school." Members are invited to state briefly their ideas on the latter subject and to read it after which the President will lead a discussion.

Last week Leslie Brown and his band of their famous Clyde horses to O. T. Berg. Mr. Berg has travelled all over this district looking for horses and that he should pick from the bunch of Leslie Brown speaks well for the stock raised by the boys. Realizing the demand for this class of horses the boys want for the time being to keep a large number and have in the neighborhood of 100 - all in their hands.

Mrs. H. E. Hall will not receive next Thursday night again this season.

LOST - A young Welsh Cocker with small diamond eyes, and white D. Head in reverse side. Finder will be suitably rewarded on returning to D. A. McDonald, Store at Poudre on Thursday, Aug. 18th, to Dr. and Mrs. Graham a daughter.

Regular Meeting of The C. W. C.

Regular meeting of the Country Women's Club was held in the Parish Room, Alix, on Saturday, Aug. 29th, at 8 p.m. when over fifty people were present and a good many names were added to the list of members which now totals sixty-seven.

Several business discussions took place and the meeting resolved to take advantage of the offer made by the trustees of the Methodist church to rent the building for a year and utilize the same as a reading room and rest room for the members. The new library was opened and it was agreed that the library committee should arrange for one of their

number to be in Alix every alternate Saturday for the purpose of giving out books. The club also hopes to take up some work for the purpose of helping the dependents of men who have gone to the front and the secretary was instructed to write the Department of Agriculture to find out what the other Women's Institute in this Province were doing in this connection.

After the business was concluded a paper written by Mrs. Longbridge was read and the President gave an address on "What a child should know before going to school." Miss Reed also spoke a few words on the same subject. Four daughters of the members sang the quartet "Fatherland." Miss Reed kindly gave the opening verse of "Hail

Britain" the members joining in the chorus. An excellent meal had been provided by Madam Gilbert, Fox and Findlater.

The next regular meeting will be held in the Methodist church on Saturday, September 26th.

HAPPILY MARRIED

A very pretty wedding was celebrated on Thursday morning, September 10th, in St. Thomas church, Alix, when Miss Florence Phoenix, only child of Mr. and F. Sheldon, was united in marriage to Alfred R. Nix, one of our prominent young business men. The bride was attired in a charming gown of white voile with hat to match and carried bouquet of white carnations. The bride was escorted by Miss Emma Todd who was also becomingly attired in white voile and carried carnation bouquet. The groom was attired in dark brown suit and was accompanied by E. Heath, both carrying carnations.

After the ceremony, which was performed by Rev. O. Craighton, rector of the Anglican church, the happy assembly adjourned to the home of the bride where the wedding dinner was served, only the intimate relatives and friends of the bride being present.

The large number of beautiful and novel presents testified to the popularity of the young couple in Alix and district.

Mr. and Mrs. Nix will make their home in Alix and we join their many friends in extending congratulations and good wishes.

He Was So He—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Frederick, Mich.—"A year ago I was very weak and the doctor said I had a serious disease. I was unable to do any work and I was in great pain. I tried many different medicines but nothing helped. I then saw an advertisement for Lydia E. Pinkham's Vegetable Compound and I bought a bottle. I took it for a few days and I felt much better. I continued to take it and in a few weeks I was able to do my work again. I am now as strong and healthy as ever. I am very grateful to Lydia E. Pinkham for her wonderful medicine."

When asked by Lydia R. Flanagan's Virginia Commonwealth University students, "What is your favorite song?" she replied, "I like 'The Ballad of the Fishwife'."

"...Mrs. ALICE DARLINGTON, 1001 F.D. No. 2, Box 77, Peabody, Mich."

I still feel the crying out late of times,
 and much had a heavy feeling in my night.
 I had such terrible dull headaches
 every day and every evening, I was
 not able to do much all the time, yet I
 must not sleep at night.
 "After I had taken Lydia E. Pinkham's
 Vegetable Compound a week I began to
 improve. My headaches were less and
 my heavy feeling on my side was
 relieved. I continued to take the Com-
 pound up to cure."

Both letters prove the value of Leda
Pinkham's Vegetable Compound for
women's ill. Why don't you try it?

Jack pondered the situation, but there was only one conclusion pending in his limited experience. There had been a quarrel, and Jack was too proud to speak first.

It grieved him because they were good friends of his, these two, and their quarrel hurt him as much as it seemed to hurt them. Now then how he was tempted to step in and tell the other and tell her the other suffered but a painful outcry told him back.

THE ONLY SAFE WAY

Putting up a stove pipe is easy enough if you only do it right. In the morning breakfast on a new-baked institution diet and drink two cups of hot coffee, after which put on a suit of old clothes and see, if you can get them in time

put on an old pair of buckskin gloves and when everything is ready to strike the fatal blow, go and get a good hardware man who understands his business. If this rule is strictly adhered to the ongoing, in hand, slow, wading probability of the present day would be diminished and the world be profited thereby.

And It Went Travelling

The "Theory Trip" which was run by the local branch of the library three days ago has again shifted its quarters and now dwells on the business window in the town of Vegreville, that town having taken and taken to a show given on Wednesday last week, when two games were played each team winning one, and the final on Monday of this week, when a score of 1-1 landed the advantage in the northern town.

How about a dancing club this winter?

The boys are looking up their hockey skates, sticks, boots and shin pads.

The club library is now open and members can get books exchanged every alternate Saturday afternoon.

Alix May Have Moving Pictures

It is rumored that Alix is to have two nights of moving pictures each week during the winter months. The scheme has not been thoroughly investigated but a branch from the east is figuring on showing in three towns, two nights to each via Alix, Vegreville and Estevan. This is a long felt want and so doubt should an arrangement be made will prove profitable to the promoters and beneficial to our citizens.

ALIX FALL FAIR
Come! For All Things Are
Now Ready

Tuesday of next week is Alix Fall Fair Day and
we hereby extend an invitation to one and all to
visit our town on that day. Nothing has been
omitted that would tend to make the exhibition of
1914 a success and already the entries are pouring
in by the wholesale.

The committee in charge of the sports have ar-
ranged a good program.

There will be music all day by a good band.
In the evening a wrestling match will be staged in
Todd's Hall between Geo. Larkin of Alix and Ole
Boode of Lacombe. A six-piece orchestra will supply
the music for a big dance as a wind up.

We want the residents of this district and all
visitors on Tuesday of next week to have the time
of their lives. Bring the whole family, from the
toddler to the old folk, and let us have a merry day
together.

COMMUNICATION

September 21st, '14
To The Editor of The Free Press
Dear Sir:-

I am anxious to avail my-
self of the hospitality of your
columns to express my great
gratitude to many of your readers
in Alix and the neighborhood
who have shown me such kind-
ness and hospitality during my
three years stay in the district. I
tried to say goodbye to so many
as I could but know that there
are many I failed to see owing to
lack of time. I shall not soon
forget Alix and its people and can
only hope that every prosperity
and blessing will attend it and
those during the coming years.
It is always hard to say goodbye.
I can only leave by hoping that
the members of the Anglican
Church will do all in their power
to support the Rev. M. W. Holden
and Mrs. Holden in their work.
Believe me

Yours very truly,

ALIX FALL FAIR

The Alix Agricultural Society has marked another mile in its history and this year's fair takes second place to none of its predecessors and, for that matter, to few of the surrounding fairs. Many things tended to make a successful leave a matter of doubt but optimism and faithful work overcame these and the results exceeded the most sanguine hopes of the workers.

There were more exhibits in most of the classes and a superior class of exhibits than last year.

GOLDEN ANNIVERSARY

The home of Mr. and Mrs. Philander B. Groubeck was the gathering place of quite a large company of friends last Tuesday afternoon when the aged couple celebrated the fiftieth anniversary of their wedding day. Owing to the attractions of the Fair quite a number of the townspeople were unable to be present.

The guests were received by Mr. and Mrs. Groubeck and among the company were: Mr. and Mrs. G. W. Rodgers and family—Walter Allen, Mr. and Mrs. J. A. Upton, Mr. and Mrs. Haskins, Mr. Margaret McKeen, Mr. and Mrs. A. E. Kist, Mr. and Mrs. Woskie, Mr. and Mrs. Aimes, Mrs. Abel, Mrs. and Mr. John and Mrs. Paul, Mr. and Mrs. Ray of Mirror.

After the reception an adjournment was made to the dining room where a richly prepared dinner had been prepared, under the supervision of Mrs. Upton and to which ample justice was done.

Thereafter congratulations were the order of the day. Rev. John Tate, pastor of the Presbyterian church, in a few well chosen words spoke of the happy couples and of which the gathering was held and wished for the celebration many years of joy and gladness together at the same time presenting them with a handsomely bound copy of the occasion, consisting of a copy of their original marriage certificate, with the nearest guests present at their fiftieth anniversary.

Mr. and Mrs. Groubeck were married on the 28th day of September, 1864, at Minnott, Illinois, by the Rev. Mr. Tabor of the Methodist Episcopal church, one of the union children are: William P. of Spokane, Wash. Alice A. of Harts, Ill., Mrs. G. W. Rodgers of Water Glen, and Mrs. J. N. Goss of Alix.

Among the many beautiful gifts were a book case from Mrs. Upton, gold watch from Mr. Goss, one of silver knives and forks from Mr. and Mrs. Rodgers, also a beautiful silver sugarbowl, the gift of Miss Dorothy Harbottle, a little more than four years, whose offering was highly appreciated by Grandma Groubeck. The golden gift to the bride was a gold ring.

The many friends of this venerable couple wish that they may be long spared and that when life's sun shall set they may both realize that for them there are reserved the fruits of a better world.

On Saturday of last week Mr. E. Poon took over the butcher shop from W. J. Harrison. We wish the new proprietor every success. Read the announcement on page 2.

Read the Mamie announcement on page 4.

W. W. Hopper was a Lacombe visitor on Tuesday.

Watch for the second article on "Lacombe" next week.

THE MAN WHO KEEPS HIS HEAD

There's a man who fights for Britain, and he'll keep her still stop. He will guard her from dishonor in the market and in the shop. He will save her from terror on the fields of Italy, France, He's the man who sticks to business, he's the man who keeps his head. Let the ships that sail with Britain bear the wheels of commerce turn. Let the ships that sail with Britain see her flag fly from her stern. For the foremost says the cannon, and his heart must go down with it. When behind the man in battle is the man who keeps his head. I read him tricolor and woman who with music's sweet sound. How his light looked up in secret and his heart stood with his hand. V he has not added his workers, who have won the peace. And who stands to hear the laughter of the man who keeps his head. Let the poor man teach the rich man, for the poor man's wisdom, a strife is from day to day to work, day by day to war with life. And the poor man's home comes every day a frail and little thread. And the poor man's life hangs every day a frail and little thread. When the ships come back from slaughter, and the troops march home from war.

When the heavy screen behind us throws the road that lies before. Every hour shall be welcomed, every orphan shall be fed. By the man who sticks to business, by the man who keeps his head.

ALIX CITIZENS FORM BRANCH OF PROVINCIAL PATRIOTIC LEAGUE

W. F. Puffer, M.P.P., addressed a meeting in Todd's Hall on Saturday afternoon, giving in detail the objects of the "Provincial Patriotic League Fund" pointing out the duty of those remaining home of supporting the dependents of the soldiers serving their country on the field of battle. The Dominion Government gave to each soldier's family the sum of \$45 per month and the object of the League was to supplement this income. After considerable discussion it was decided to refer the matter to the Village Council with a request to deal with the matter immediately.

Accordingly a meeting was held in the council chamber on Tuesday evening for the purpose of forming an Alix Branch of the Provincial Patriotic League. Chairman Puffer outlined the object of the meeting and defined the duties of the officers elected. The matter was then freely discussed and able talks on the workings of such a body were given by Mr. Panrucker, Mr. Pate and others. It was pointed out that it would not interfere with the noble work of the Red Cross Society, which was a charitable work while the League was a duty arising upon each and every resident of the Province. The following were appointed as committees to select collectors and look after the workings of this branch of the League:

To The Kaiser

Don't then, Oh, War Lord, dare for belated greed, The onward march of freedom to invade, Denounced Sir, remember that you have To reckon with the British, Greek and Slav.

For nearly half a century you've planned The destiny of Europe to command, Heaven and earth you face world commender And thought the project ripe, the pathway clear.

You've trampled longer under foot and struck At Belgium, land of honor, grit and pluck, This little people, gallant, brave and bold, Proved to be fatter worthy of your steel.

Like Hannan, who a lofty gallows built, To hang a rival, innocent of guilt, You, too, would have your drink chained and gagged, Redef, Hannan, not Mordecai, was hung.

Not's messenger to rule the world, you say, His instrument to rule, small and meek, In position, to play the villain's role, Traitor, may God have mercy on your soul.

God's instrument, I grant, as John was, The villain in redemption's plan, alas, He, too, for belated greed, betrayed his Lord, Goliath, and selfish, was his reward.

You revel in darkness, carnage, ghouls, While the avenging hosts are at your door, With lightning, before your vanquish fall, The hand of God is writing on the wall.

I promised to send a line to
give some news of my doings
in case they might interest some
of your readers

At Calgary I called on Mr. H. B. Bennett and offered my services as Chaplain to the new Canadian contingent, but he did not hold out much hope of my going.

I had a very successful journey to the East. It was very interesting passing through the country west of Moose Jaw, and seeing what a total failure the crops had been. After that however, the straw plies everywhere showed the must have been good. I stopped off at St. Paul, spent Sunday at Chicago, then visited Detroit took steamer to Erie to Buffalo, where I spent day seeing Niagara Falls. The day train to Albany and by steamer on the Hudson, from there to New York, a magnificent trip.

[illegible]

I sailed on October 7th on the Campania, a very old Cunard boat which had been given up by the company but had been taken again owing to the government having requisitioned various other boats. We have had a very successful journey, however, and are now rapidly nearing Liverpool. There have been only a few passengers on board but we have had a friendly time. There are several young Englishmen on board from the California oil company on their way to enlist. They are paying all their own expenses, their places are being kept for them. I think it is a splendid deal.

I must try and write again from
England and give some account
of how things strike us there.
Yours very truly,

Rev. O. Oreligh

A very successful concert and entertainment was given in the Methodist church on Tuesday evening under the auspices of the Coantré Women's Club, the audience being most encouraging both from point of numbers and enthusiasm.

Patriotic numbers in voice and piano figured prominently on the program and were well received. The national song "O Canada" was rendered very pleasing as trio by Mrs. Darlow and Messrs. Billy and Bateman. Mr. Darlow's baritone solo "The Veteran" was much appreciated, and that he was a favorite with the audience was shown by repeated encores.

During the course of the evening "I'm on my honeymoon" boomed from the climax. A very special feature of the program, and one unanimously enjoyed by the audience, was the songs which are so popular during these days of war—"Tommy Atkins"—"It's a long way to Tipperary" and "Land of Hope and Glory" sung by Mrs. Clements-Smith. The heartiness with which the audience took to the choruses showed that they were already old favorites. A rather delightful number was Kipling's "Recessional" recited by Mr. W. Parly and both her numbers were a treat. A novel and charming idea was the dancing of the Highland Fling and Irish Jig by Miss Jean Parly.

Piano solos were rendered by Misses Holstman and Mayo, a violin solo by Mrs. J. H. Shure accompanied by Mrs. A. Shure on the piano, all of which were appreciated by the audience. Not perhaps the most amusing, but there were two plays, the "Grand Mrs." by Mr. C. G. Martin and Mrs. W. Parley, the still "Don't Judge By Appearance" by Mr. Penruker, Dr. and Mrs. Shure and Mrs. W. Parley. Mr. Marryatt was exceedingly funny as a dashing cavalry captain who exaggerated ideas of his character. The other was a screeching funny farce, the characters all exceptionally good and we shall soon forget Major Pepper, his stupid but very funny man on collars, and Miss Anglin and Mr. Deane, a part of the proceeds to be handed over to the Red Cross Society.

ALIX DISTRICT CON- TRIBUTES TO THE 2ND CONTINGENT

Tuesday morning a large crowd gathered at the C. P. R. depot to bid good-bye to the Alix contingent to the 2nd contingent, the following taking train for Red Deer to undergo medical examination as recruits for the camp at Calgary: G. A. Bateman, J. N. Bell, H. Allen, E. McDonald, J. Fynn, J. MacKendry, & Finlayson and R. Ayling.

Word has been received that all the boys were accepted and left Thursday morning for camp at Calgary where they will remain for a couple of months before leaving for the front.

One by one the boys are responding to the mail, thirteen having already left our district.

We feel proud that Alix is helping well in the front in giving of her young men to the noble cause and we hope and trust that

they will seek and all return safe and sound when the dark cloud has lifted.

W. Hiltner and D. Turner went with the first contingent and Boston Oritani, Weatherly and McElroy were accepted and sent to Calgary last week.

Red Deer gave the contingent of the 35th Battalion a hearty send off. Punctually at 10:15 the fall-in was sounded and headed by the bugle band of the boy scouts and the Red Deer instrumental band, the procession was formed for the march to the depot.

Following the band was a red, white and blue banner and then a number of citizens, the front row led by Mr. Hutchinson, R. P. P. and Mr. John Patz of Alix. Then came Major Greck with Mr. Dr. Wilson, bringing up the battalion, and, closing up the rear, the contingent, numbering in all fifty men.

The streets of the city were lined with spectators, and the depot the platform was congested

with a mass of human beings who had gathered to say good-bye to the boys. The Alix members of the party came in for quite a large share of the good wishes of the crowd, and much singing and the singing of "They are jolly good fellows" the strains most taken place.

PRESBYTERIAN CHURCH

Rev John Patz will preach on Sunday first at 11 a.m. and 7:30 p.m.

Morning—"The pre-eminence of Christ."

Evening—"In Memoriam Service." The passing of a Great Soldier. The People's Bible." Special music. Rev. J. H. Helt, of the Presbytery, will visit. Special instruction at all services for the men at the front and the men going.

Posters are out announcing a dance to be held in Todd's Hall on Tuesday of next week, Nov. 23. Everybody invited.

The Purchase of one thousand dollars worth of goods from your own town or your own country, instead of purchasing outside means the addition of one person to your town or your own country instead of supporting it abroad.

Albion, Alberta, November 16th, 1914
To The Council of The Village of Albion,
Albion, Alberta.

Gentlemen:—In accordance with my appointment, I have examined the village books and notices statement herewith showing how I find them. I have examined the statement, finding the following figures for 1914-15.

With regard to the grants to the Agricultural Society amounting to \$225, fifty dollars of this amount is a sum advanced to the town by the Agricultural Society two years ago, being the loan for the grain of the new truck.

I have pleasure in informing you that I find the books in excellent order, well kept, and clear, and with complete notes on the balance sheet which is very favorable, commending the strenuous manner in which you have been able to maintain the same.

I have the honor to remain,
Yours faithfully,
W. H. Patrick,
Appointed Auditor.

Of Local Interest

The month of Wednesday is Christmas day.

H. E. Smith has accepted a position as clerk in the Panucker and Holland store.

W. D. Shuler returned the latter part of last week from a six week's visit with friends in Iowa U. S. A.

Tuesday of next week is the first day of the last month of 1911. A suggestion—in conversation the other day with a local farmer in regard to relief for the sufferers in Europe, he advanced the statement that although the necessary money and commodities were forthcoming for the present requisites be thought it would be a more in the right direction if the farmers were incentivized to see if they would not aside one acre each of next year's wheat land to be sown and harvested for this specific purpose. It is a good suggestion, for even should the war be ended in a few months the needy ones will require help then as they do now. We would like to know the feeling of the district on this matter.

Rev. John Pat's subject Sunday evening about a large congregation, on the question is that touches one of the greatest names of the age.

Misses Panucker, Mitchell and Brindle were last night visitors Tuesday and Wednesday, where they assisted the Eastern Star confer degree.

On December 8, 9 and 10 the Alberta Winter Fair will be held in Calgary. To us will include the Alberta Provincial Horse Show and the Calgary Poultry Show and will be held in the Horse Show building, Victoria Park.

The regular monthly meeting of the U. F. A. will be held in Todd's Hall on Saturday night, Nov. 25th, at 8:30 p. m.

M. Mackenzie, the eye surgeon, will be in the Mirror on Tuesday, Dec. 10th, and at the Grand Hotel, Alia, from 10 a. m. till 2 p. m. on Friday, Dec. 11th.

After the regular meeting on Wednesday evening the local U. O. P. lodge was at home to a number of visitors, including about a dozen from Glue. The banquet was spread in the lodge room, and after partaking of the good things provided, speeches and songs were indulged in.

Carrings Rag Lost—A Black Macintosh lined with mixed colors lost the latter part of October near the Red Deer River south of town. Finder suitably rewarded by leaving same at the office. — Mr. John Cunningham is spending the week with Hestley friends.

A number of our local sports took in the masquerade at Mirror Thursday evening.

Don't forget the bridge party under the auspices of the Red Cross Society on Monday evening in Moonie hall.

The dance in Todd's Hall on Tuesday was very poorly attended but a good time is reported.

The local members of the orange order have received an invitation from Glue to attend the meeting and banquet in that town on Monday evening next.

Don't fail to read all the advertisements in this issue.

There was some talk of a cutting class. What's dole.

It seems a trifle early to hang out the sign "shop early" but the early shopper gets the most satisfactory results, as a rule. The time between now and Christmas is come to early to permit independent ones to delay in getting the gift subject some attention. The various places of business are prepared to fill the waste of all, but now is your opportunity to see the displays before they are picked over.

In the States some people are objecting to women wearing the American flag on their stockings. Apparently they do not like to see the flag at half mast.

A vicious little lad has, we read, been turned into a good lad by an operation on the skull. In our youthful days the operation was performed on the other end of us.

A publication which should prove of considerable interest to the prospective settler has recently been prepared and is now being issued from the Railway Lands Branch of the Department of the Interior at Ottawa. It is known as the Peace River or Northern Alberta Homestead Map, graphically illustrates by a comparatively simple system of colorings the land situation in that district, including as it does, complete information with respect to the disposal of lands, location of timber belts and forest reserves, nature of the soil, etc.

Copies may be obtained free of charge upon application to F.C.C. Lynch, Superintendent of Railway Lands, Department of the Interior, Ottawa.

If the men and women of Canada would buy Canadian-made goods exclusively, all Canadian workmen would be back at work. Charity begins at home and this is both charity and good business.

Drugs of the enormous stores of German barbarism in their treatment of the Belgians are not most beyond belief. It is difficult for anyone to believe that human beings could be so inhuman to so mutilate an innocent child, but is as true from a member of the first contingent, which is now engaged on Salisbury. The correspondent stated that there were little children being used as sentries in English houses within five miles of the camp whose hands had been severed. They are thus trained for life by the soldiers sent out for the purpose of spreading German rule. Can anyone imagine a worse fate than that the world should fall under the domination of a system which seeks to enforce its claims to supremacy by such means or that such crimes or crimes of this sort will on the part of its servants? Such practices barbarism than even such as this.

YOUNG PEOPLE'S GUILD

The building known as the school meeting place has been repaired by the Pastor of the Presbyterian church for the use of the young people of the church as a reading and reception room, and also as the meeting place of the Society. Arrangements have been made to have the place open each day from 1 until 4 o'clock and in addition to the attraction of games, etc., good reading matter will be provided. It is hoped that friends from the country, visiting the town, will take advantage of the room for rest and amuse themselves the winter months.

The weekly meeting of the Guild was held on Friday evening, when the meeting place was taken to its utmost by the attendance of so many and friends. Weekly letters have been changed of the present, and in a quiet but effective manner continued the devotion and read a paper on "Mandarin Heroes and Heroines." At the close of the meeting the members spent a pleasant hour in social chat which it is hoped will continue on Saturday the weekly gatherings.

The regular monthly meeting of the I. O. O. F. was held in Toth's Hall on Saturday last at 2:30 p.m. It was arranged to hold a special meeting on December 11th at 2:30 p.m. for the purpose of taking action for a car of food and fuel. Three weeks from today is Christmas Day.

Carriage Hog Lost - A Black Macintosh lined with mixed color felt the latter part of October near the Red Deer River south of Finner mainly rewarded by losing him at this office.

KAISERISMS

Further Kaiser the devil said, Sin-
ce we are a Kaiser, Royal, Royal,
Without any reason.

You best believe
Your place in the sun is hell's fire

Because we refuse to be bluffed,
To be captured, captured and ruffed.
By a strong German force
Of their feet and leave.

The Kaiser is said to be bluffed.
He'll strike the lion and the Kaiser
sold.

Toe larger sitting, sick, Sir.
He up and did as he was told—
Nursed the blessed Kaiser.

William the first was a gen-
tleman's warranted to make a fool of
it. Can he show the earth to bite and
knock

The bottom out of the Atlantic.

THE ELECTIONS

Considerations for members of the
council will take place the first
week in this month and elections
the succeeding week. In the
election several names are
suggested. It is known that the
present members of the council
are not over anxious of taking
office a second time and would
prefer the honors to go to others.
The work of the present council
has been excellent and should the
return from the field, they will do
so with the good will of the people
whom they served so well.

There will undoubtedly be
a number of important issues con-
sidered the 1915 Convention is a
representative body of men is desir-
able to provide over the affairs of
our thriving town. There are a
number of them in town who are
new to the community to some
extent and all will receive prompt
attention in connection for the
board.

THE DAY

You boasted the Day, and you toasted the Day
And now the Day has come,
Brawl—murder, bragging and coward all,
Little you'll rock of the numbing ball,
The blasting shell or the "white arm's" fall.
As they spend poor humans brome.
You spied for the Day, you lied for the Day,
And woke the Day's red spine,
Monster who asked God's aid divine,
Then strewed His nose with the ghastly mine;
Not all the waters of the Rhine,
Can wash thy foul hands clean.

You dreamed for the Day, you schemed for the Day
 Watch how the Day will go,
 Blay of age and youth and prime,
 (Defenceless slain for never a crime)
 Thou art steeped in blood as a hog in slime,
 False friend and cowardly foe.
 You have sworn for the Day, you have grown for
 the Day

Yours is the hottest red,
Can you hear the groans and the awful cries?
Can you see the heap of slain that lies,
And sightless turned to the flame-split skies
The glaucous eyes of the dead?
You have wronged for the Day, you have longed for

That lit the awful flame,
 'Tis nothing to you that hill and plain
 Yield sheaves of dead men amid the grain:
 That widows mourn for their loved ones slain,

And mothers curse thy name,
But after the Day there's a price to pay,
For the sleepers under the sod,
And He you have mocked for many a day—
Listen and hear what He had to say:
"VENGEANCE IS MINE, I WILL REPAY."
What can you say to God?

Mr. Henry Chappel.

To England, dear old Motherland
Americans their greetings send
Extending now the cordial hand
Of sympathy from friend to friend

Her northland sons our brothers are
Fraternally to them we say:
When with the darkness

cloud of war
We share thy sorrows day by day
Forgotten is the buried past
And in a nation like thine ours

With deep affection unsurpassed
We wish success to England's cause

For England's throne on honor

Supported by her people's will
By freedom's hands securely placed
Her noblest mission shall fulfill.

Though some divide our kindred
 race
 Our grand inspiring impulse feels

And meeting tyrants face to face
The unity of race reveals.

Who hold at bay a wolfish pack
May God defend their liberty

And bless the grand old
Union Jack.
The colors of our flags are blest,

And through their beautiful
colors run
the golden thread of just intent

That makes our destinies as one

COMMUNICATION

Editor Alix Free Press:

Dear Sir:

Will you allow me space in your paper to set forth the conditions prevalent in some parts of Alberta. The mail last week brought me appeals for help from several families living in the drought-stricken districts, from the south of Corbourn to Milk River. They were written in the early part of January and addressed to the Secretary of the Women's Grain Growers Association of Sask., as at that time there was no corresponding central organization in Alberta. I am selecting extracts from two of them which explain the situation.

This Lake, P. O. Corbourn
I am not a member of your Club, but I get the Grover's Guide occasionally from a neighbor. I saw in this week's paper that you were giving a little relief to needy settlers, though I do not know if that refers to Alix. We are getting a little relief from

the Government, but it is barely enough for necessities, and we do not get a chance to buy clothing or boots at all.

I have two small children and my baby of seven months has no shoes at all, and I myself have scarcely anything to my feet. We have had no money coming for a year and no crop at all, not even potatoes or vegetables for our own use.

It would certainly be a charity, to us and I assure you we would appreciate the kindness bestowed upon us. I should be glad of a winter coat for myself if anyone has one to give away, for I have not got one at all. My husband, my little girl of six years and myself all need shoes and our baby. I would dream it a favor if you would reply favorably if you would reply favorably.

Alix, Alta.

We are in a newly settled country and have not had a crop worth mentioning for 2 years. There therefore is poor land.

(Continued on page 8)

C. W. C.

Minutes of the meeting held on January 21st.

The program arranged by the Executive Committee for the monthly meetings during 1915 was read by the secretary and also a report of work done by the club for the Red X Society during the month of January, which was as follows:

- 8 day shirts
- 11 night shirts
- 5 pairs socks
- 2 pairs bed socks
- Money collected \$11.20

Several interesting and well-written papers by members were then read on the following subjects: "What benefit is the Club to men?" and all those who had the welfare of the club at heart were more than pleased to find that they had really proved helpful. The president then fully explained to the Club the new organization for farm women, which had been formed at the convention and showed the great freedom for working on their own lines which the women of that organization would have. Several questions were asked by the members as to the workings of the W.A.C.F.A. and a voting taken it was decided to become a branch of the new organization and drop the Women's Institute.

The vote was carried by Mrs. Macdonald, Merrifield and Driscoll.

The Ladies Aid have arranged for an Easter Tea and sale of work and household cooking on Saturday, April 3rd.

The Ladies Aid of the church has been asked to augment their income by the collection of "A hair's breadth of cents" [1¢ to the inch] during the coming year. To do this is hard times they realize that they will have to branch out in a new direction, as the good people of the town and vicinity have been called upon so often and have responded so liberally with money which they felt should have been used for more serious purposes. The Ladies Aid will now

give them an opportunity to help along a good cause and at the same time receive full material value for every cent spent. The members have decided to put every talent they possess at the service of the Society. Clean Up

Now that the snow has almost melted from our midst we must like to remind the residents and business men that the time has come again when it is up to every resident to clean up their back yard and business premises.

While taking a walk around town we notice that there has been considerable large ash piles accumulated during the winter season, the which should be removed as soon as possible along with all other garbage.

The only way we can give a healthy town is to keep our own streets clean and tidy.

CONSOLIDATION

Through an advertisement elsewhere in this issue, the raising of four school districts was requested to convene for the purpose of discussing the advisability of a Rural Consolidated School. This, in our opinion, is a move in the right direction, as it will present an advantage through the employment of a first class teacher, as well as a saving in maintenance. The following are the secretaries: Mr. J. H. McLean, secretary of the first district, and Mr. J. H. McLean, secretary of the second district. These gentlemen would be made for carrying the district to and from school. But the people on this matter, but in the time to hear from Mr. J. H. McLean on Saturday, May 25th, at the Alia school house.

PRESBYTERIAN CHURCH

The Rev. John Pat. will preach on Sunday first at 11 a. m. at the Alia school house. The service will be in the morning at 10 a. m. at the Alia school house. Morning will be family service when the children will sing and recite. Evening subject "Motherhood." Subject, Mrs. M. H. Hoppes. Everybody welcome.

The Old Fellow service on Sunday afternoon was very well attended and the excellent discourse by Rev. Rev. John Pat. on "Oldtimership; what is it?" was thoroughly enjoyed. The pastor urged upon the brethren to be true to their principles which were friendship, love and truth. The strict attention was paid the speaker throughout the entire service.

Local Interest

Mrs. Towler went to Calgary on Tuesday and returned with R. L. on Wednesday.

Rev. John Pat. received word this week of the death of his eldest brother at Medicine Hat, Alberta.

Among the seriously wounded in the battle north of Ticonderoga, was the name of Major D. L. Sanderson of the 1st Canadian Division. He was killed throughout this entire district.

One of two brave men have already appeared on the street in straw hats.

"There was an old man and he had a wooden leg, he had no money and he wouldn't beg; he had a piece of pipe and a tin of paint, he was in himself—I'll make a Ford."

A gallon of gas and a quart of oil, a piece of barbed wire to make a only four big spots and an old milk can, he was himself, regular, and the darn thing ran.

M. McLean, M. A., the only University Graduate in the Province, has been elected to the position of Mayor of the City of Medicine Hat, Alberta.

COUNCIL PROCEEDINGS

The regular monthly meeting of the village council was held on Monday evening with the date 1st present.

The minutes of the previous meeting were read and adopted.

A communication was read from the Grand Trunk registering a kick against their assessment.

As the assessment was the same for the past three years, it was decided to notify the company that the assessment would stand.

The health officer then presented his report, pointing out the negligence of a number of the residents in failing the duties of the board with reference to cleaning up their premises.

He also condemned as unsanitary the well on the property adjoining Turner's implement warehouse.

The secretary was instructed to notify all interested parties to discontinue using water from the above mentioned well.

Property owners were given to the 15th in which to finish cleaning up.

The council passed a motion to have all crossings and sidewalks repaired at once.

A delegation from the band waited on the council and requested permission to erect a balcony on the front of the fire hall to be used as a band stand, the band to bear the entire expense.

Moved by Pissell—Trinity That request be granted. Carried.

The secretary was instructed to shoot all dogs on which taxes remained unpaid.

The band was given permission to use hall for 1000 dollars. Motion carried.

Look at the man above. He's SHAKING an ordinary frame. He bends nearly double, even all his strength, works up a perspiration, and goes a sore back.

Now, look at the woman. She stands nearly erect, gently moves the lever in and out, the rollers, and the rollers are dropped into the Sunbath tub. This is called ROCKING DOWN. It's so easy a child can do it.

Which method do you prefer? Why, Rocking Down, of course.

The accident, according to Rylance, took place last Sunday evening at 6:45 p. m. Five members of the C. M. M. of Red Deer went out to the lake in the afternoon and had an early supper at the Alexandra hotel, after which two of the party, Messrs. J. E. Bruchman and E. Parks of Pine Lake, married couple and published about half an hour on the lake when the storm came upon them. Bruchman kept on the surface while the other gentleman sank to the bottom and then came to the surface and was grabbed by Mr. Parks and held there until a rescue party of four men arrived and took the two men to the Alexandra hotel where he received medical treatment from Dr. McDermott and has now recovered from a very narrow escape.

After a narrow escape, May 14th, it was a narrow escape for Jack and his family. All his friends will be glad to know that he is none the worse for his accident.

We wish once again to call the attention of the ratepayers of the four school districts (Albion, Carroll, Stanton and Open Valley) to the meeting in Albion School House on Saturday, May 22nd. The matter under discussion—"Consolidation" is one that will require careful consideration. Education is the best legacy that can be left to a child and any movement that tends to increase the opportunities of acquiring advancement should be eagerly grasped.

Service will be conducted in the Stone School House on Sabbath first at 3 o'clock by the Rev. John Pate.

A forward step in the history

of this church was taken last Monday afternoon when at joint meeting of the sessions and board of management it was unanimously agreed to make an effort to relieve status of the congregation from a Mission to an Augmented Charge. Under the present conditions the minister in charge is appointed by the Board of Home Missions in Toronto for a period of two years, at the end of which he may be transferred.

An angry ousted congregation by complying with certain conditions have the privilege of selling their own pastor whose period of service may be for life. The Rev. Pate, who presided, gave a clear statement as to the many advantages which the change would bring about and indicated his intention of giving the congregation every help in his power to bring the matter to a successful issue. The reason of the congregation will be made by a committee consisting of Messrs. H. G. Finch and Fred Pease for the town, T. Sempie and C. E. Stone for Bullecheville and Mr. James Craik of Tena. The question will be finally settled at the next Presbytery meeting which will be held in Aitai sometime in September.—Communicated.

\$20 weekly paid men everywhere showing samples and leaving circulars, factory to family trading plus, Redpath's granulated sugar \$4 per hundred, grocery sample case free.—Co-operative Union, Wingham, Ont.

Mrs. Billings of Seattle, Washington, addressed a fair audience in the Presbyterian church on Friday evening at 8 o'clock. The speaker is very well versed on the temperance question and proved both interesting and instructive.

The painters have been busy during the past few days, the McKeen block has been brightened up and the residence occupied by W. L. Patten was also visited by the brush.

A number of Irish soldiers were being taken out of the barracks out of the trenches came a voice "I won't do it!" The soldiers stopped shouting and looked to the sergeant. "You can believe a word those bloomin' Germans say," he said.

An American cartoonist has it that in these eight months the commandment "Thou shalt not kill" has been erased from the tablets and "Cut out the bones" substituted there instead. Surely the most amusing of all the by-products of the war.

Mr. J. Langlands of Calgary was a guest from Saturday till Monday at the home of Mrs. C. D. Ayling.

On Monday of this week we were shown a sample of May's spring wheat measuring 154 inches taken from a twelve acre field on the farm of J. W. Ennis. This is a new record breaker for this time of year and proves that Alix district is capable of putting out the goods with the best of them.

Quite a number took in the church picnic at Bedford Lake on Victoria Day and report a good time. Yes, what.

The sports arranged for Victoria Day had to be cancelled on account of the war. However, the band did their duty, playing from eleven o'clock in the a.m. till six in the evening. Alta Sports Day, Wednesday, July 11th.

Messrs. B. G. Wilson and Jack Ivimey came up from camp at Calgary to spend the week-end with Alta friends. They returned to duty on Monday.

Thursday was Dominion Day, July 1st. A number of our citizens spent the day attending the sports at Clive.

It is regrettable that the spirit of party jealousy still exists in our community in a degree sufficient to hinder the carrying out of any public project which can only be done by general co-operation. Because a man has a grudge against another, through some real or fancied wrong, he seems to feel justified in withholding his support or giving merely enough that he appears to be doing his part. How can we expect our community to prosper if that be our working rule?

Miss Hester Tuck returned from Edmonton on Saturday when she had been attending the college for the past two months.

Regular monthly meeting of the village council on Monday evening next.

Mrs. Geo. Green Sr. of Edmonton is a guest at the home of her son, Don. Her many friends are pleased to have her once more in our midst.

The copy of the price list for the **Alta Fair** has been left at our office and in a couple of weeks copies may be obtained from the secretary, O. L. Hartman.

ALIX SPORTS DAY JULY 14TH

A Morning of Education and An Afternoon Full of Merriment and Fun

A meeting of those interested in sports was held Saturday evening last in the council chamber to discuss the possibilities of arranging a sports program for Wednesday, July 11th.

The reason for selecting the 14th was in conjunction with the visit of the Mixed Farming Special, conducted by the Departments of Agriculture both of Alberta and the Dominion.

After discussion it was moved and carried that a committee be appointed to arrange for an afternoon of enjoyment on that date. The day's program will consist of the following on that date: 9 to 12 p.m. - A visit to the Mixed Farming Special at the Grand Trunk depot, where a twelve car train, comprising a motor car, pulled horse and cattle, the balance exhibits of grain, seeds, grasses, models of farm buildings, dairy, poultry and domestic science, will under capable lecturers, provide an educational program for the visitors.

2:30 p.m. - A baseball game between Alix and Clive.

4:30 p.m. - A variety of sports for the children for which good prizes will be awarded.

7 p.m. - Wrestling match in Davie's hall between Elmer Davis, of Bitha, and Manitoa Belmont of Alix.

8 p.m. - Big dance in the hall with music by the Cliffride Band and the Ballistic Orchestra.

This is a day for all and the committee have arranged it so that each and every citizen will find amusement. Even the weak too large enough to participate in the sports or enjoy the baseball match will enjoy the "All Day Music" by the Alta Cliffride Band. Every body comes and help make the day one of enjoyment.

Local Interest

The Orange Lodge of Central Alberta will celebrate at Lacrosse on Monday, July 11th. Besides the regular band competition a good program of sports has been arranged. Special rates have been secured on all railways. Mr. and Mrs. E. H. Parley left Monday on a visit to Rocky Mountain House.

Word has been received in the city from registered Sergeant Major Hester of Alix that he is now in the hospital in England, and when discharged he expects to be sent for further active service duty and will probably return to Alberta - Red Deer Advance.

Don't forget the "Mixed Farming Special" will be at the Grand Trunk depot from 9 till 12 p.m. on the morning of Wednesday, July 11th. There will also be a ball afternoon of sports with a big dance in the evening.

Major Sandeman is still living, too, and is doing well, although he will not be able to come home. (The above is taken from a letter appearing in the Red Deer Advance written in France by Colin Broughton.)

Rev. W. Harvey Moore B. A. Provincial organizer of the L. O. L., was visiting in town Tuesday and Wednesday while on route for Bishop.

Traffic was held up on the O. R.R. west of Black Hills this week owing to a washout.

The Alix junior baseball team journeyed to Clive on Thursday and knocked the sports off the ball to score of that town by a 34 to 12 score.

Miss Ella Tompler returned Monday from the hospital in Red Deer where she underwent an operation for appendicitis.

Baseball Wednesday, Aug. 6. Alix vs. Neve, at Alix.

An accident was narrowly escaped Monday afternoon when the mail bus on the line from M. was passing into the station. A culvert just west of the station had been undermined by the high water and when the bus was coming over it the culvert sank. Very fortunately the bus remained on the track and no serious damage resulted, though the passengers received a slight shaking up.

Taken all around the Alix ball teamers received the worst of it in the past week. Two came down and played a return game on their Friday evening and ended up on the local team in a very thorough and artistic manner. The same evening the Jesters played a return game at Mirror where they were properly tripped. The Alix "side" were up against a much better team and their defeat should not be discouraging.

When one or two of our local sports accidentally laid into their Friday, their companions looked almost so sorry and heart broken as a school kid when he learns that his teacher is sick.

The Alix Fall Fair date is September 28. Don't forget it, and commence making preparations now.

Mrs. John Muckle of Athol, Ont., and Miss Hirst of Edmonton were guests at the home of J. H. Muckle this week.

Mr. and Mrs. R. L. Trickey are riding the Panama Expedition. This weather puts the smile that went off on the faces of the farmers.

SURPRISED THEIR FRIENDS

The marriage ceremony of Mrs. M. Donaldson and Mr. D. F. Luss was performed at the Presbyterian church, Lacombe, on Monday, July 23.

The wedding was a surprise to many friends at the station upon their return on the afternoon train.

Congratulations are extended to Mr. and Mrs. Luss, prosperity and happiness for them being the wish of a large circle of friends.

CORRESPONDENCE

FROM H. A. LINCOLN

Middleton, N. Y.
Editor, Alix, Alix.

Dear Sir,

Before leaving Alix I promised

to write you something for publication, but on account of my

ill health, was unable to stay

very long at any place on the road

as the war was always exciting me to

come "at" so we only spent two

days at the exposition. But even

then I wouldn't have missed it for

all it cost. It is certainly great.

The Canadian building and con-

vents, especially the exhibits, are

the finest we saw while there; it

is good. It is situated next to

the Chinese and Japanese build-

ings, but is far greater than both

of these put together. Both the

Chinese and Japanese buildings

are there to sell something, each

having a restaurant also, but

of all sorts at a low rate each to

attract the crowds. The furniture

of great value. But Canada has

certainly done herself proud. I

intended to go back and take a

second look, also a few notes, but

Mrs. C. couldn't stand the train,

and there was no place where I

could leave her except at the hotel

and there she would have been

all alone, so had to give up any

more sight-seeing. Of course

we saw Art didn't keep the loop

in the air and we also saw the be-

ginning of the balloon race, I

told me to say Alix people there

or anyone from Canada with

whom I was acquainted. Just

the same, anyone who can afford

the price cannot afford to miss

seeing the Panama Exposition.

New will please send me what

papers have accumulated there

since I left and those con-

tinues sending to me here.

Yours truly,

H. A. Lincoln.

FROM NORMAN G. HOSKIN

8th Battalion, June 22, 1915.

Dear Mr. Sample,

Your long letters of 4th and 24th

April were forwarded to me and

I was pleased to hear from you

and that things generally were

not too bad.

Well, I guess you heard 'em

and that I got a slight dose at

Ypres. I was a bit ill the last

night, but I think you would

not be helped to clear the head

and I hear our men have in

Canada.

Miss was a scalp wound—head

of shell grazed it and it really

looked a while but we were then

was. It kept me away from the

boys for a month but I have now

been back nearly a month, just in

time for another particularly

dirty time at Quentow. How-

ever we are never here worse

than we had at Ypres, so that is

some consolation. Rumor has it

that we are to be given a short

leave to visit home. You can

try to imagine how we feel about

it. Poor old Burma is having a

pretty hard time in Hong Kong

and I feel that it will be

plunged in the sea and on making

his way to the driving sea

you get another in the leg.

What a racket is going on with

artillery they are dropping their

"coal boxes" not far from us as

they have a nasty, roaring sort of

crash—add to the noise and on

every day and you see some idea

of the noise.

We had the Alix Free Press in

the trenches here with a letter

from B. B. Burns in it, and my

cause favored there too.

I am now a Lieut.-Sergeant. I am

sorry to say that there is not a

big lot of the first Red Diver con-

tingent with us now; some are

in hospital and others have cru-

OUR OWN LITTLE TOWN

If you meet a man who is down in the mouth, who thinks that his town is all wrong; just take his state and give him a ride and hand him this quaint little song: "There are juncier towns than our little town, there are towns that are bigger than this; and the people who live in the finer towns all the city, accidented and mild. There are things you can see in the smaller town that you can't in the town that is small, yet up and down there is no other town like our little town after all. It may be that the street through the heart of our town isn't long, isn't wide, isn't straight; but the neighbors you know in our little town with a welcome your coming will wait. In the glittering streets of the glittering town with its palace and pavement and thrall; in the midst of the throng you'll frequently long for our own little town after all. If you live and work and trade in our town in spite of the fact that it's small, you'll find that the town—our own little town—is the best kind of a town after all.—Anville (M.) Review

MANY STUDENTS FOR OLDS SCHOOL

The School of Agriculture at Olds will be filled to the doors again this year. Last year several students were made to attend because the school had registered up to its capacity. This year the government are erecting another large building, 100 ft. by 30 ft. high, which will handle another hundred students, and the present indications are that the school will have all that it can handle again this year. Already a total of 134 farmers' sons and daughters have registered for the course beginning November 1st. It will be possible to accommodate from 150 to 180 students, consequently the school will only be able to register another 30 students. The applications are coming in very early this year. In fact, the school had practically no registration up to the 1st of September last year, and it will thus be seen that the practical nature of the work given at the school of Agriculture to the boys from the farm, and to the girls in the household science work, is being appreciated by the people of the province.

A great many students who have little knowledge of the work being done in the school, were surprised to see the exhibit of students' work which was carried on the special trails which toured the province last month. The work is as practical as possible in all its requirements. The course in agriculture is directed particularly for the boy who is going to the farm, and the work in cooking, sewing and nursing is given to the girls in accordance with parental and societal requirements.

If any boys or girls in the rural portion of the province desire to take up further education, they will please apply to W. J. Elliott, Principal, School of Agriculture, Olds.

The Sweet, our genial C. P. H. station agent, is no saint father or of his nameless, the Wallace, and spends much of his spare time angling for members of the Flycatcher. He has been "up a tree" lately, however, and is not speaking. Apparently either it is so happens that there is a ferocious bull in the pastures through which the creek runs, and to prevent the animal from "hoovering" on the families, he has, on several occasions, been forced to take refuge in the nearest town. His judgment was undoubtedly good.

When his friends compliment him on looking so young, a woman doesn't know whether to be pleased at the compliment or to get mad because of the intimation that she is older than she looks.

New Elevator Next Year

Calgary, Sept. 13, 1918
Mr. A. C. Maitland, Secy. U. F. A.,
Alix, Alberta.

Dear Sir -- We acknowledge
receipt of yours of the 6th, in
which you call our attention to
the importance of having a dump
scale in our elevator at Alix. We
assure you that this matter has
had our attention as it was dis-
cussed very fully in this office
with the management. We have
decided, however, to try and get
along with what we have this
year as we do not wish to give
the expense of putting in a dump
scale in the building we have at
the present time.

We decided that after another
year we would put down the old
building and erect an up-to-date
elevator with all modern conve-
niences, and if conditions are fa-
vorable next summer you may
expect to see this work commencing
early in the season. We would
have done this work this summer
but there were so many points
awaiting attention that we thought
it our first duty to supply them
with clearer conveniences and we
hope that the people of the
Alix district will be willing to put
up with the inconvenience of
shortening their grain this season,
rather than have us delay build-
ing a larger elevator at that sta-
tion longer than another season.

Yours truly,
Alberta Pacific Grain Co.

Special Meeting U. F. A.

A special meeting of the U. F.
A. will be held on Saturday, Sept.
25th at 2:30 p.m. sharp, in the
Old Farmers' hall. The business
order of the day is the advisabil-
ity of ordering a carload of ap-
ples. Everybody come.

Beats 'em All

And still Alix leads this section
of Alberta from an agricultural
standpoint. The record of Alix is
to be seen in the fact that it
was grown here this season
as well as eight foot corn. Now
Mr. Little, one of our enterprising
farmers, reports that from
13 acres of wheat he threshed 581
bushels, or an average of 45 1/2
bushels per acre.

Treason Act Enforcement

Inspector Thompson, as gen-
eral agent of the revenue, has in-
stituted two prosecutions this year
of parents for not sending their
children to school regularly. In
one case the fine of \$10 was
assessed, as the parent had three
children aged 12, 11 and 10, all in
grade 1.

The Editor's Victory

There are some people in the
world who have an inveterate
hatred of the man who writes in-
teresting and good news, and who
would like very much to put one
over him, but there is little or no
satisfaction in "giving" news, and
hence the editor, who knows that
individual not only makes copy out
of the concealer, but pictures
himself as the hero no well. We
came across in the editorial col-
umns of a western journal, the
other day, the following pen pic-
ture of a concealer which took place
in the editorial columns of a
western journal:

"There was a blunder, somebody
fell. We got up. Turning upon
our antagonist we succeeded in
winding his arms around our waist
and by quick maneuvers threw
him on top of us, bringing our
back of the same time in contact
with the solid bed of the printing
press. Then inserting our nose
between his teeth and cleverly
outwitting his hands in our hair,
we had him."

TEACHERS CONVENTION

The third annual convention
of the teachers in the Stettler in-
spectorate is not for Thursday and
Friday preceding Thanksgiving
day. This is surprising that they
day will be set for a Monday as
in recent years. Teachers regu-
larly it was allowed Wednesday in
which to travel to the conven-
tion, which will be held in Stet-
tler.

The Alix Fall Fair date is Sep-
tember 28. Don't forget it, and
commence making preparations
now.

DEATH OF HORACE F. COLBERG

The many friends of Mr. Horace F. Colberg learned with sorrow of his death which took place at the residence of his wife at 11:30 last. For some time he had been ailing, and for the last few weeks had been unable to follow his avocation, but his friends hoped for the best, and everything that human skill and kind and loving attention could do, was done to keep the frail thread of life from snapping, but it was ultimately ended, and the great Master called his workman from earth's labors to heavenly rest.

Nurses had been for a number of years a resident of Alix and the district and was a general favorite with young and old.

Ten years past in July he was married to Agnes, eldest daughter of Mr. and Mrs. George Houn, who resides, together with our little daughter, he is survived.

Mr. Colberg's father, who was resident at Stockwood, Minnesota, was unable to see his son before his death owing to sickness, and his only sister, Mrs. Campbell, resides at Fargo, N. D.

The funeral, which was held in the Presbyterian church on last night, was largely attended. Prior to the church service a private service was conducted at the residence of the deceased, attended by members of the family, by the Rev. John Paine, after which the body was taken care of by the I. O. O. F. of which he was a member and conveyed by them to the church where an impressive service was conducted by the pastor.

The interment took place immediately after the service, the carriage being headed by members of Rurick, Melchak and Alix Lodge of the Independent Order of Odd Fellows lodge, followed by large number of the general public. At the grave the beautiful service of the Odd Fellows was conducted by the Noble Grand, R. C. Anderson, and a Fast Brethren's charge.

The floral gifts were beautiful comprising wreaths from the two lodges and bouquets from different friends.

His death will be widely mourned as he was highly respected by his many friends.

The pallbearers were all members of the I. O. O. F.: F. Toepfer, O. McDonald, G. B. Darlow, Dr. Shaw, B. Todd and R. C. Anderson.

RED CROSS NOTES

The British Red Cross Society, in view of the growing demands upon their resources both in France and the near East, have decided to make an appeal through the Empire by street and other collections. The money received from this appeal will be devoted entirely to relieving the sufferings of our wounded soldiers and sailors from home and overseas at the various camps of war from all parts of the king's Dominion. We have already met very generous assistance in our work but with the increase of British and overseas forces at the front there is a corresponding increase in our expenditures, and we shall be truly grateful to all who will give us their support in this fund. Watch for further notices of this appeal.

The annual meeting of the Alix branch will be held on Monday, October 18th, in the Masonic Hall. It is hoped everyone will make a special effort to be present, don't leave it all to the ladies.

YOU AND JIM
Only a storekeeper—that's all. Down street, you in your own town. Plain sort of a fellow, him—not much of a merchant, no. Don't brag, though, and honest. When you drop into his store, it's like him, plain. He calls you "Bill," you call him "Jim," some folks, you know. He asks you how the children, and wife, he knows them, too. He shows you what you want to buy, he tells you if it's good or bad—and names the price.

"Look sharp, Jim," you say. "I'm a little short right now." "All right, Bill," he says, and wraps it up. He pays his taxes here, he pays his taxes there, he pays his taxes everywhere. He is all one to help along the fire department and police, the schools and churches.

He is in league with you; he calls around when you are sick. He hires home folks to do his work, and he keeps his books. He keeps his groceries, meat and clothes, and the little furniture at home of neighborly neighbors. "That's such, but what it is your town gets all the benefit. Your bill comes due and still you're short of ready cash. I'll have to stand you off a while," you say.

"All right, Bill," says he. "I know you'll pay me when you can, and neither grows in our garden. Pretty decent sort of a day, isn't it?" You will always see his advertisement in the local paper. But what about the outside job? You read the outside job of the day, and you see the outside job of the day, and you see the outside job of the day.

TO PROMOTE LOYALTY IN ALBERTA SCHOOLS

Portraits of King George and Queen Mary will be distributed to every school in the Province of Alberta by the Department of Education. Hon. John R. Boyl, Minister of Education, has given specimens gratis submitted by many big British emigrants and publishers and has selected suitable likenesses of their majesties for distribution in the schools. The order for the supply, which will aggregate about 2000 copies of each engraving will be placed at once and the pictures ready for the schools at an early date. It is considered by the department that the present is a most opportune time to place the pictures in schools, particularly in those with a large percentage of pupils of foreign birth or extraction.

BUT THINGS HAVE CHANGED SINCE MOTHER WAS A GIRL

When mother was a girl she needed for school was a plain little gown and a demure little hair ribbon. But the school girl of today wants a talked suit, several blouses to wear with her suit gown, one of crepe de chene, a seersucker suit, a short walking skirt to wear with a middie, different neck flaps, at least one dressing frock, a warm suit, sweaters and some other vulgar things. It's funny what a difference just a few years make.

PRESBYTERIAN CHURCH

Special services on Sabbath first, conducted by the pastor. Morning at 11 o'clock. Family worship and Bible study. "Half hour with the Prophet Elijah." Children's sermonette "The Web." Evening at 7:30 subject "Dream and Vision."

Everybody cordially invited. Friday night at 8, beautiful moving pictures.

THANKSGIVING SUPPER

The Thanksgiving Supper and Entertainment in the Presbyterian church on Monday evening was well attended and was beyond question one of the most successful events of the kind ever held in Alix. The delicious chicken, turkey, apple pie, cake, bread and butter, coffee, tea, etc., were much enjoyed and were served in excellent style. After supper the company were entertained by the pastor to a series of moving pictures. The next sum of \$10 was realized above all expenses.

PATHESCOPE PICTURES

The attempt to meet the needs of the community in providing a wholesome entertainment for young and old, was capably demonstrated by the introduction for the first time in Alix, last Friday evening, of the Pathescope, a new machine for the projection of moving pictures.

One of the principal features in the remarkable assortment of the subjects featured and the satiric slowness of any flicker on the screen.

The agents for Western Canada, Messrs. Mason & Black, of Calgary, are to be congratulated on the beautiful machine which they are marketing, and also on the fact that they have secured for their demonstrations here such an enthusiastic in children's work as the minister of the Presbyterian church.

We understand that if the results are in any manner proportionate to the outlay, the promoters intend to have a change of pictures weekly at a price which will make it possible for every boy and girl, as well as every man and woman, to be present at all the entertainments projected for the coming winter.

Local Interest

Mr. Blount has moved into the house recently vacated by Mrs. Tolman.

Born—in Alix on October 15, to Mr. and Mrs. H. R. Smith, a son.

Dr. Shore was in Red Deer a couple of days this week. "Dad" Lee returned on Saturday from a week's visit to Calgary.

NINE REASONS WHY YOU SHOULD SUBSCRIBE TO THE PATHESCOPE

- 1 You owe to your country, and to the Empire of which you are a part, either to fight yourself or help to make it possible for others to fight in this supreme struggle.
- 2 As a Canadian you have enjoyed the protection and privileges of British citizenship and have never yet been called upon in the defence of the Empire.
- 3 The mother country has for years, practically borne the burden of your protection alone.
- 4 In this hour of trial we desire Great Britain to realize that every Canadian is supporting and upholding her cause.
- 5 The war in which we are engaged is a righteous cause, a struggle for truth, liberty and for the supremacy of treaties and the given word.
- 6 If you can't go yourself, you can help to make it possible for others to go by guaranteeing that their families still be provided for in their absence.
- 7 The object of the Canadian Patriotic Fund is to make provision for families of soldiers going from Canada to take part in the present war.
- 8 Those who have gone to the front are making greater sacrifices than anything upon do at home.
- 9 As unqualified credit in the world's history rolls for supreme sacrifice on our part. We must do our duty, fight or pay.

Moving Pictures Saturday Afternoon and Evening

The possibilities of the camera in conjunction with the moving picture machine, were beautifully demonstrated last Friday evening when the series of pictures depicting the last scenes in the Passion of our Lord Jesus Christ were exhibited in the Free Press Theatre.

The posing of each figure was perfect, particularly the grouping around the cross in the expiring moments of the great sufferer's life. Particular mention must also be made of the pictures depicting the Resurrection and Ascension, which brought the great teaching of the Christian faith to the mental vision as no language of the human lips could.

At the request of a number of friends and through the kindness of Messrs. & Black of Calgary it has been arranged to give an exhibition on Saturday afternoon and evening in the Methodist church at 4.30 and 8 o'clock when 20 per cent of the proceeds after deducting expenses, will be devoted to the Patriotic Fund.

EPICRAMMATIC SUGGESTIONS FOR BOOSTING

Don't be the man who put "Alix" in city.
(Good roads not only lead to town, but to money.
It's live one and the town will never be a dead one.
When someone plans to help the town, plan to help him.
It's like a ball player—the thing he is working for is HOME.
A town is like a pencil—eraser—it isn't much good unless pushed.
A good way to make the world better is to begin with the home town.
A town is like a girl—it's wonderful what a little thing up the nose for her.
A good town will do more towns keeping the boys at home than
it improves soup to throw a little pepper into it—same way with a town.

If you spend all the money you earn some other fellow is banking your money.

Don't look for soft usage; the hard usage are the ones that have the ginger in them.

Building good houses builds a good town. A nice front porch has prevented many an old maid.

You have got to be a citizen in order to vote, but you have got to do more than vote to be a citizen.

The big things were not all done in the big towns. The greatest poem in the English language was written in a country churchyard.

While returning from town at 7 p.m. on Monday Mr. W. Woods of Lignite met with a painful accident. When a mile south of town the motor broke allowing the wagon tongue to drop and the reins fell.

Mr. Woods was thrown out on his head, receiving a very bad shaking up and a broken nose. He was picked up by Mr. Hamilton on his way home at 9:30, who brought him to town and Dr. Sherr-dressed the wounds.

Friday night at 7, children's meeting. People's hour with the Pathoscope Moving Pictures at 8.

A great missionary and social service conference will be held in the church on the evening of Monday, Nov. 15, when addresses will be delivered by Rev. Dr. J. J. Sherr, of Lignite and Rev. Wm. Sherr, B. A. of Calgary.

Dr. Sherr is one of the strongest speakers in Canada and his visit to Alix is one of the coming events.

The promises of the Methodist church have been required for the social work of Alix Presbyterian church and will be instituted this winter as a Christian Institute and community centre.

Classes in athletics will be formed and also instruction in shorthand and typewriting by a competent teacher.

The nucleus of a good circulating library has already been gotten together and books will be given out twice a week at a nominal fee.

Services in Misses school on Sabbath at 8 o'clock conducted by Rev. Hadden of Dulburn.

Miss B. A. Hadden is visiting her sister at Halifax.

Commencing with Monday school will open at 9:30.

Born—In Alix on November 3, to Mr. and Mrs. A. R. Hix, a son.

A social evening was held by the Odd Fellows after their meeting on Wednesday evening, the visitors being the wives of the brothers and the members of the B'nai B'rith order.

A Christmas Acrostic

A Merry Christmas to us all, my dear! God bless us! God bless us every one, said Ting Tim the last of all—Charles Dickens.

Men cannot live isolated; we are all bound together. No better men can separate himself from the world—Christie.

Every day is a fresh beginning. Listen, my soul, to the glad refrain and, spite of old sorrow and older sinning, take heart of the day and begin again—Susan Coolidge.

Rough going, ardent and sincere earnestness—there is no substitute for them. Charles Dickens.

Realize that doing good is the only certainly happy action of a man's life. Sir Philip Sidney.

Yet to have gently dreamt pleasures lose ends. James Russell Lowell.

Christmas time I have always thought of, as a good time—a kind, forgiving, charitable, pleasant time—Charles Dickens.

Happy on your road, the wind is still, but let it whistle as it will, we'll keep our Christmas merry still.—Sir Walter Scott.

Rejoice, O young men in thy youth and let thy heart cheer thee. The Bible.

I said it is the maddest path; I say it on the mountain stairs—the best things that any mortal hath are those which every mortal shares.—Lucy Larousse.

So the first glimpse told me there was no duty patient in the world like daring to be good and true myself, leaving the show of things to the lord of show.—Robert Browning.

Then arose a joyous clamor from the wildfowl on the mare, and a voice within cried: "Listen! Christmas carols even here!" Charles Kingsley.

May the fair goddess, Fortune, fall deep in love with thee! Prosperity be thy page. Shakespeare.

A gain at Christmas do we wear the holly round the Christmas hearts! The silent snow possesses the Earth and softly fall on CHRISTMAS EVE—ELYSIAN.

TO LIVE AND LOVE ON CHRISTMAS DAY AND THROUGH THE COMING YEAR.

Candles on the tree aglow,
Holly red and mistletoe;
Radiant faces, raptures eyes,
In the merry, wondering eyes,
Brooding full and bulging out,
Tops of every sort about;
Music, joyous, glad and gay!

All of Christendom at play;
Season of the Holy Child,
Dearest gift, divine and mild,
Angel songs dispelling fear,
Yule, the blessed Yule is here!

Who was the party? A day or two ago one of the young ones of this district who has volunteered to serve his King and Country, was the recipient of some advice which, had it been acted upon, would have meant his abandonment from his country's service.

However, on his arrival at the headquarters of his regiment he had a talk with his commanding officer on the matter and there is every probability that no investigation will be the result and an appropriate medal of the British nation adopted by some good people, who do not appear to take advantage of Canada's hospitality but are not at all serious to help in the success of the Empire's work at the present time.

New Year Chimes

Stop thief!

The old year goes

After the drifted snows

And the gray old year hath brought me grief,
He hath stolen the lust and the dancing leaf,
And the dear little robin that used to sing
At my window all in the balmy spring,
He hath hidden him, too, in a narrow groove
Deep down from the light of the broad blue sky,
And so through the rush of my tears I cry:

"Stop thief!"

Go the old year goes

After the drifted snows,

For the gray old year hath brought me grief.

All hail!

The new year comes

With the best of drums

And clanging of bells in the windy gale
He brings the song of the nightingale,
And, when I hear his ring with snow,
The spirit builds on his bottom wave
He sends a new love unto me
From an ancient country across the sea,
And far to the south we will sail away
Through the purple dusk of a perfumed May

All hail!

The new year comes

With the best of drums

And music of bells in the windy ere.

Somewhere in France—

For some time I have thought of writing to your paper, but could not find enough courage.

At this time of the year every one is preparing for Christmas, as we are in France. The weather is inclined to be damp and disagreeable under foot. We had just one little shift of snow on the coast covered Calais and Boulogne, but nothing to what you have met in Alberta. I suppose you would like to hear of some parts of our life in the trenches of France. Well, sometimes we happen to hit lucky places and feel them very comfortable, sometimes, on the last place we held a part of the present line, but been held by the French who are really artists in the art of digging up dugouts and making them selves comfortable, and we are not slow to appreciate these things. The places where I was staying in the majority of a night were like this, as we say here, a small table with three legs, no chair, a small stove never had, no bed in appearance, and a bed of straw. Of course my instrument had to leave the place of honor.

so I had just room enough to cook—which I did—several dishes of real good variety in the way of apples and fruit gathered from an old orchard. On these occasions we take into consideration the fact that Fritz sometimes disturbs our cooking arrangements in the way of a small shell that we call a shell being which we explode so nicely, and with a whistle, that one has no time to guess where or why, but that. However everyone is hopeful and determined besides to bring the war to a conclusion end.

The parcels which various men receive are really a pleasure to all and to see the expression of one who has just received some few cog for his men, again when the letter corporal comes to the various little everyone is disappointed and then all has been given out, the few who don't receive one are sympathetic with the lucky ones.

One thing I would like to do to see the boys who served the old only a year ago. I was sorry not to have seen them in these various battles but I hope to some day.

One thing I forgot to mention is the familiarity with which the boys and girls seem to run over

 A number of farm journals are printing extracts from the bulletins for the benefit of their readers. In many ways these bulletins appear to be the best and most comprehensive publications on farm buildings that we have seen. They cover practically the whole range of farm buildings from houses to dwelling houses.
 The bulletins are obtainable free from the Chief Forester, Victoria, B. C., and every farmer will do well to obtain the same. The bulletins are dated December 1909. G. F. Owen, Forester, Acting Deputy Attorney General.

Secretary Red Cross Society

Alta Alberta

Dear Madam I have great pleasure in acknowledging receipt of your parcel which, I assure you, is highly appreciated, not alone for its value, but for the spirit of thoughtfulness and affection on which, as your parcel proves, our loved ones in dear old Canada hold it. We most respectfully thank you for the gift which is very hard to get a tobacco which takes the place or suits us in the Canadian tobacco. I guess that will be interesting in what we are doing here. Well, we just get much of the same training as we have in the Red Cross, with the exception of one or two things and as we now have instructions from the Imperial army, we find it all the same. The one and only difference we have is the climate, but then we have good beds and beds are not pretty good, so really we are well cared for. Most of the boys have some leave to go home some play some work, but as far I have no idea any owing to the fact that they are not giving sufficient leave to go to Alberta. We do not expect to be here for a while but we hope to get out when it comes, we will probably remain here for good as the mood around here is awful.

Well I guess I must now close as we are not allowed to write much, so with renewed thanks for remembering me so kindly,

Yours sincerely,

Dec. 14, '15 J. R. Hall

Dear Mother--

I received a parcel from Red Cross, k. for which I wish you would thank me very much for me. It was great and had a double value coming from Alix. Anything Canadian is very much precious than other articles. Am leaving hospital tomorrow.

Dear Mrs. A. I received a parcel from the Alix Red Cross Society in which was a box of cigarettes sent by you. I am sure you that I appreciate the kindness of yourself and the society very much and take this means of expressing my gratitude. It is not the intrinsic value but the motive in which they were sent, that makes the boys who are over here in defense of the country appreciate them little things as it goes to prove that even though they are far away their memory still lives in their old town. This is Xmas day and I might say that despite the fact that it is raining as usual the boys all seem to be enjoying themselves in a small way. Sincerely trusting you are all well and happy and wishing you a prosperous New Year, I remain Yours very sincerely,

Dec. 15 Josh Brothers

Dear Madam, Please thank the society for the very useful parcel they sent me. It is very nice to know that old friends are not forgotten so far away.

THE GRIM REAPER

On Thursday of last week the angel of death entered the home of Mr. and Mrs. C.H. Pinnell and carried away their only child, a bright little girl of five and a half months. The cause of death was bronchitis. Mr. Pinnell, who is a member of the Alix at Calgary, did not reach home till the little one had passed away. The funeral, conducted by the Rev. M. Holden, took place on Sunday from the Anglican church to Alix cemetery.

We join in extending sympathy to the bereaved parents.

AGAIN IN THE SWING

UNITED FARM WOMEN

At a meeting of the executive and directors of the United Farm Women of Alberta, on Feb. 12th, the program for 1916 was drafted.

Meetings for the next four months: Feb. 19, 10 o'clock of delegates to the convention.

The aims and objects of the Women's Association, being the paper read by the Pres. Mrs. J. E. Bell, at the convention.

All those interested in the organization should make a point of attending this paper.

March 2:—The aims of Rural Education. Dr. James C. Miller, Director of Technical Education.

10 o'clock to make a joint meeting with the U.F.A. and there will be a discussion on the possibility of forming a union of women in each district to undertake the work of starting school gardens and otherwise beautifying the district.

April 2:—The work of district nurses. Mrs. MacLennan, Pres. of Women's Institute for Alberta.

Mrs. Naylor will also give a paper on her experience of the work of nurses in the country districts.

At the conclusion of the day Mrs. MacLennan, Pres. Women Grain Growers of Black.

said that in their province the infant mortality was 7.81 per 1000, which could be reduced at least a half by improved maternity conditions.

She also made the startling statement that one woman in every three was either permanently or partially injured through inadequate attention during maternity.

The figures for Alberta are even worse. Govt. figures: Deaths of infants under one year, 1914-15.....100.64

To 100 births, all causes.....24.22

Clearly this is a subject every woman in the province should do her bit to rectify.

We were reminded of the waste of human life on the battlefields while the struggle from preventable causes, that goes on around us leaves us to live in cold and indifference.

May 21st:—A special meeting for girls when Mrs. Mulvren, Principal of the Ladies College, and Dr. and Secretary of the Women's Institute, will give "A Talk With Our Girls."

All these meetings will be of very special interest and it is very much hoped that there will be a very large attendance of both men and women.

To The Editor:—I have received a letter from Mr. Benson, Dominion Poultry Representative for Alberta, asking me to call on an open special meeting of our auxiliary on Tuesday, March 14th, at 8 p.m.

Mr. Benson has lately been appointed by the Dominion Govt. to work in co-operation with the Alberta Dept. of Agriculture to assist the farmers of this Province in connection to better the market conditions of their eggs and poultry.

The idea is to organize the farmers of the Province into local co-operative associations with a view to increasing their income from the sale of their eggs and poultry.

quickly as possible.

At a time when all the resources of the Empire are being strained by the war, it is imperative to put an end to the annual loss of millions of dollars to the Dominion from the sale of eggs and poultry.

The poultry business, Mr. Benson is here to correct this state of things and I very much hope this district will give him an encouraging reception.

His idea has been asked to give a short account of her experience of poultry raising as a business, and the difficulties which have arisen in it.

ASK FOR BUSINESS

ONLY one's most intimate friends go to one's home uninvited, and the extent of one's calling list is determined by the number of one's calls.

In business the same fact holds.

Every merchant in Alix knows scores of families here and in the country round about, whose custom he does not possess.

Mutual acquaintance is the first step towards getting these families as customers, and acquaintances can most surely be developed by invitations or calls made through The Alix Free Press.

TO THE MERCHANTS OF ALIX:

Show your desire for business by asking for it. A merchant who does not ask for business is supposed not to want business very keenly.

DIRECTORS OF ALIX AGRICULTURAL SOCIETY CONVENE

A meeting of the directors of the Alix Agricultural Society was held on Monday afternoon last with President J. E. Merrifield in the chair.

This gathering was for the reviewing of the present list and making other preparations for the fair which is to be commenced on the 20th of June. The work was again left to the faithful.

The president brought to the notice of those present the advisability of enforcing rules 11-12.

At 11-12 exhibits, except live stock, must be in the hall before the 10th of June. At 11-12 exhibits must be in the hall on the 10th of June.

It was moved and carried that the above rules be strictly adhered to.

Owing to the early date and for including the Fair, a large number of the exhibitors will be left to effect this a number of additions have been made. It will also be noted that in the time the exhibits may be met from the 10th of June, so we advise the farmer to reserve a blank at his best for exhibition purposes.

The decoration from the L.O. L., whose exhibition falls in the same day as the fair, waited on the society and after considerable discussion an agreeable arrangement was arrived at whereby the two events can be run jointly.

The lady directors were present and asked for additional money to increase the industrial exhibit of the fair. The request was granted.

In view of the fact that in a probability the largest crowd ever seen in our town will be on July 12, the farmers are requested to make the exhibit thoroughly representative of our district.

RED CROSS DANCE

The Red Cross Society of Alix has made arrangements for the holding of a Red Cross Dance on Thursday, March 28th. Admission 81c. It is needless to say that a good time is assured as events of this kind given by the good people of our little town in the past are always good. Every body invited.

MOVING PICTURES

An electrical moving picture machine will be in the Home Theatre on Wednesday evening, the 22nd of March. Five reels of pictures, comedies, etc., will be shown. Two hour program. Come and enjoy the evening.

THE ST. PAT. DANCE

The St. Patrick's Dance held by the 17th, on the evening of the 17th, netted the society in the neighborhood of \$50. The night was superb and as a consequence an unusually large number took advantage of this most event to do a little more towards helping along the good work of the society. The music was good and the crowd congenial. The ladies had erected a booth in one corner of the hall which was served all sort of good things, jellies, soups, sandwiches, cream puffs, for cream and coffee. Altogether this was possibly the best event of the kind held in our town this winter.

DON'T KICK

If your neighbor is prosperous let him prosper. Don't grudge, grudge or grumble. See a good word for him and let it go at that. Your tears will come and his success will be the whole story. If you see that the town is moving along nicely, feel good about it. Help things along, show a little. Try to get some of the benefit yourself. Don't stand around like a cinder. Don't waste your time feeling over him, some fellow has a little more need and more than you have. Do a little helping you self.

The Importance of Clean Land

Address by Prof. Bedford on the Subject of the Importance of Clean Land.

Good Land is the basis of all civilization. It is the source of our food, our clothing, and our shelter. It is the foundation of our wealth and our power. Without clean land, we cannot survive. We must therefore protect our land from pollution and degradation. We must keep it clean and healthy for ourselves and for future generations.

The amount of water entering the land is a very important factor. It determines the fertility of the soil and the growth of the crops. If the water is polluted, the crops will be poisoned. The land will become barren and unproductive. We must therefore protect the water sources from pollution. We must keep the rivers and streams clean and free from waste.

It is not enough to keep the land clean. We must also keep it healthy. We must protect the soil from erosion and depletion. We must keep the soil fertile and productive. We must use the land wisely and sparingly. We must not waste it. We must use it to the best of our ability and for the benefit of all.

It is our duty to protect the land. It is our responsibility to keep it clean and healthy. We must do this for ourselves and for future generations. We must do this for the benefit of all. We must do this for the sake of our civilization. We must do this for the sake of our world.

It is our duty to protect the land. It is our responsibility to keep it clean and healthy. We must do this for ourselves and for future generations. We must do this for the benefit of all. We must do this for the sake of our civilization. We must do this for the sake of our world.

COL. MARRYAT

PASSES AWAY

On April 2nd Lieutenant Colonel Ernest Lindsey Marryat, late of the Royal Engineers, passed suddenly and peacefully away at the age of 76, being to close a long life spent in the service of his country.

Col. Marryat was sent to India at the age of eighteen in the days of the East India Co. and although being in the army, he spent the greater part of his thirty years in that country in the public works department. He returned from the army in 1848 as Major, receiving the brevet rank of Lieutenant Colonel and returned to England where he became secretary and finally managing director and chairman of the London and North Western Railway which he brought to a high state of efficiency, at the same time acting as secretary and managing director of Edinburgh & Glasgow Railway, Glasgow & Edinburgh Railway, and was also on the board of the Egyptian Railway, a scheme which he practically started. Those positions he held until he came to this country in 1903, when his resignation was only accepted with great reluctance, after he had been given a year's leave in the longest that he might remember his decision.

Since coming to this country he had always, said his health failed some years ago, taken a keen interest in the affairs of the district, and he died regretted that he was not able to see that he might have taken more active part.

In 1860 Col. Marryat married Elizabeth, daughter of General Lynde K. L. S. of Fortry, Balaclava, Co. Mayo, by whom he had eleven children, seven of whom survive him, his eldest son, Commander H. D. Marryat being in the Royal Navy and his second son J. R. Marryat, Hon. Mr. Maguire, who was serving in Gallipoli, but is now in Egypt.

The funeral took place on Thursday from the Anglican church to the Alia cemetery, Rev. Hamilton conducting the service.

Mrs. Marryat, who was residing in Hamilton, B. C., at the time of her husband's death, returned home on Wednesday. She was accompanied by her daughter, Mrs. J. R. Lambard.

Mr and Mrs. J. McCutcheon returned on Wednesday from their honeymoon trip through Western Canada.

AN APRIL WEDDING

The house of Mr. M. Keeton was the scene of a quiet home wedding on Wednesday afternoon when his second daughter, Myrtle Addie, was united in marriage to Mr. Archibald John McDermond, son of Mr. C. G. McDermond.

The bride was assisted by her sister, Miss Mae, while Mr. H. N. Macdonald was groomsmen.

The ceremony was performed in the presence of only the immediate friends and relatives of the contracting parties by the Rev. John Fife of the Presbyterian church, Alix.

At the conclusion of the ceremony Miss E. Skene sang with much taste the beautiful hymn "O Perfect Love."

The company then turned to a wedding feast of all the good things which the season could provide.

We join in wishing Mr. and Mrs. A. J. McDermond a happy trip along the trail of life.

Intyre of Toronto, will be
continued during the next week,
each evening at 8 o'clock.

Services on Sabbath first at the
usual hours.

There will be special Mission
services at 11 and 7:30 o'clock.

Special meetings for men only on
Sabbath afternoon at 2 o'clock
when Mr. Craig will give an
address. Subject: "In the world's
greatest battle how to win the
victory."

each service.

Every body cordially invited to
be present.

PTE. J. A. H. ROLAND

On Wednesday afternoon all
places of business in Alix were
closed for an hour after the arriv-
al of the C.P.R. passenger from
the west. The occasion was the
wedding home of Pte. J. A. H.
Roland (Alix) who left his home
a year ago to do his bit for his
king and country, and has been
honoured home after having
spent some months in the hospital
suffering from shrapnel wounds.

A large crowd had gathered at
the depot and as the train pulled
in three hearty cheers rang out in
greeting to the first soldier back
from Alix District to return.

After numerous hand shakes
and hearty expressions of welcome
the honeymooners proceeded to the
wedding home. The returned hero
and his mother being conveyed in
a buggy drawn by a number of
our citizens.

Councillor E. L. Trickey very
cordially acted as chairman and
after the singing of "O Canada,"
he tendered, in a neatly worded
address, a welcome home to Pte.
Roland.

Mr. W. Parley was then called
and in a few beautiful remarks
expressed the deep feeling of grati-
tude at the restoration of one of
our boys to his home and home-
town. Mrs. Parley spoke as only
a mother and her few words were
renewed with hearty endorse-
ment by all present.

Pte. Roland then replied, ex-
pressing his appreciation of the
hearty welcome and his keen re-
joicing at being once more with
his numerous friends.

At this juncture Mr. McIntyre
of Toronto sang very accept-
ably "Keep The Home Fires
Burning."

The wedding was then treated
to a few stirring remarks from
Mr. G. O. Morris who also added
his welcome to Pte. Roland. He
trusted the he would soon be fully
recovered from his wounds.

The school children then sang
"The Maple Leaf."

The last speaker was the Rev.
J. Pate, who in a strong address
added his quota of praise to the
boys who were fighting our battle.
He assured Pte. Roland that
although he had undoubtedly
gone through many hardships he
would, in a few years, have the
ministration of knowing that he
had not shirked the call of duty.

The proceedings were brought
to a close with three cheers and
singing of "The National Anthem."

LOCAL INTEREST

Mr. Thompson (C.P.R.) con-
tractor for the Alberta Pacific
Elevator Co. was in town last
week taking measurements for the
new up intake elevator which will
be erected by his company at this
point within a few weeks.

the Empress Hotel. You will find

We are fighting on a Ford. For
this country we venture to say the
Ford is the only car. It stands
the roughest better and lasts longer
than the more expensive cars and
what is more R. L. Toepfer's car
in Alix is a Ford. Proof consid-

U. F. A. SUNDAY

On Sunday, May 22nd, the local U. F. A. and U. F. W. will hold an open air religious service at 11 a. m. to be addressed by Mr. E. A. Howe, of the University of Alberta, and Rev. Haddon. All are invited to this service. Should the day prove out for outdoor, the service will be held in the Odd-fellows hall.

We believe that our organization represents a reform movement and that reform movements are efforts to make adjustments in accordance with the principles of right and justice; and we are sure that a man's religious opinion may be, if he is investigating the laws of right, that can not afford to ignore the teachings of Christianity.

More men now than ever before are coming to believe that Christ's teaching is the one and only key to the final adjustment of the elements of human affairs social, economic and political.

These things being true, we are actively fitting that we should set apart at least one day in the year to seriously measure ourselves, our aims and objects, by the standard of Christian teaching, and to endeavor to better understand these teachings, that we may make all possible practical use of them for our future guidance.

Every member of the U. F. A. and every resident in the district should attend this meeting and help to make it a success.

Be sure you do not miss the service in Masonic Hall on Wednesday evening of next week. Complete new set of films. See posters.

LOCAL HAPPENINGS

Here you noticed the gold coin exhibit in Pannucker & Holland's window? Someone is going to get it absolutely free. Read explanation in their ad, on this page.

The report was in circulation this week that Private A. Brown, of Victoria, B.C., formerly of Alix, had been seriously wounded.

The next birthday is the "King's Birthday," June 1st.

Mr. is a good price for eggs at this time of year. And there is no kick at the bottom.

M. Neukirchen, the eye specialist, will again visit Alix on the 10th of June (Friday). Mirror on Thursday the 10th, Clinic on Saturday the 10th and Eureka on the 10th (Thursday). He has no agent but makes all his visits personally.

TELL US THE WHY AND WHEREFORE

The movement and the Nation for the Alix Consolidated School District are in the hands of the rate payers and apparently have omitted something in their planning. We have been given to understand that the increase over last year's tax is something beyond reason and have been asked to enter a protest against the expenditure of so much money. The farmers were given to understand that Consolidation, while increasing their taxes little would hardly be noticed, and they are asking WHY it has turned out otherwise. Our columns are open to communication on this matter and we would request those responsible for Consolidation to present something which the rate payers can swallow.

COMMUNICATION

Mr. Editor—

I would you kindly through your columns, request those who are in charge of the next Red Cross bazaar, to see a little more tact in dealing with their visitors. The work of the Red Cross Society is a noble one and we are supporters of the various endeavours to help money for their needs, but if we were in the line of demand who attend the bazaar on Wednesday, clean aprons, balled tickets and having paid admission, and who have gone round to their right to attend, it would be the best part of the kind we would attend in Alix. True, there are those in every community who require watching, but anyone with half an eye can pick them out. We trust that hereafter our visitors and supporters will not be treated as "crows" under the same roof.

A Hard Task

That information to have your neighbor as yourself, means the neighbor is trouble as well as the other who has a big automobile.

Some Contrast

The man who builds the average country newspaper cannot well avoid travelling on somebody's feet continuously; most expect to be covered often for unintentional failures; must expect to be called a coward because he does not pitch into everything; that somebody thinks is wrong and a fool if he says so; must expect to give other people's names—and turn the grievances himself. Still we think it is one of the noblest professions on earth; the one in which the earnest man can do the most good to his fellow man and in which an honorable man can do his best work for God.

Girls are delicate vessels which require a small fortune every season to keep them in style.

If some Canadian farmers are not incontinent? They grumble when they have poor crops, and kick when they have big ones and can't sell 'em.

To the family re-echoer the old's output is of more importance than the husband's income.

HAYNES

A large congregation gathered
in Haynes last Sabbath morning,
under the Rev. John Patterson,
of a special service in connection
with the V. F. W. Society.

A great deal of interest is being
entertained in the proposed new
church, which is expected to be
built within the next few months.
A splendid site has been secured
on the property of Mr. M. W.
Hickson, who has generously
given a half acre of his land as a
gift.

A building committee consisting
of Messrs. William and Tom
Egan, Charles and Richard Hack-
sell, Edward and Will Hickson
and Steve, Condit have the whole
matter in hand and under their
leadership it is anticipated that
building operations will be con-
tinued at an early date. Mr.
Hickson has very kindly placed
his new store at the service of
the people until other arrange-
ments can be made.

Service at Haynes on Sabbath
first at 11 o'clock conducted by
Rev. John Patterson. Subject—
"The Challenge of the Cross"
Everybody cordially invited.

CO-OPERATIVE SYSTEM OF MARKETING WOOL

The Alberta Provincial Sheep
Breeder's Association has now
completed arrangements for their
annual sale of wool. Last year
for the first time, this Association
undertook to assist its members
to get the highest market price
for their wool and very satisfac-
tory results were obtained.

The Department of Agriculture
at Ottawa applied grants free
of charge to grade the wool. The
Edmonton Exhibition Association
lent their site to the extent of fur-
nishing a building free of charge
where the wool could be received
and stored until graded and sold.
Tenders were then asked from
all the big wool buying houses
and an average price of \$7.27 a
ton was obtained for the
Wool Growers.

This year similar arrangements
have been made. Wool will only
be handled for it is a sole mem-
ber of the Association. As
last year some of these who ob-
tained high and low from the
Association afterwards sold their
wool elsewhere, the Association
this year making a change of the
form and by supplying the mem-
ber with the highest bid. Arrange-
ments have also been made this
year for the first time to take to
the wool growers who require it
an advance of 15% per pound
upon delivery of the wool at the
Exhibition grounds, the balance
to be paid when the wool is sold.

The secretary of the Alberta
Provincial Sheep Breeder's As-
sociation, Mr. W. J. Clark, F. O.
Box 216, Edmonton, will be glad
to hear from any who wish to
become members and make their
wool through this Association.

ASK FOR BUSINESS

ONLY one's most intimate friends
go to one's home uninvited, and the
extent of one's calling list is determined
by the number of one's calls.

In business the same facts hold.
Every merchant in Alix knows
scores of families here and in the
country round about, whose custom
he does not possess.

Mutual acquaintance is the first
step towards getting these families
as customers, and acquaintances
can most surely be developed by
invitations or calls made through
The Alix Free Press.

TO THE MERCHANTS OF ALIX:

Show your desire for business by
asking for it. A merchant who
does not ask for business is sup-
posed not to want business very
keenly.

COMMUNICATION

(We do not necessarily endorse the
views of our correspondents, but we
do not wish to be misunderstood in
this regard.)

Dear Sir—

Allow me to express my thanks
to you for giving publicity to the
deplorable condition of affairs
brought about by speculation in
the Alix School District. As time
goes on it becomes increasingly
evident that we have been stung
and stung badly. The taxpayers
are partly generally agreed that
the Commission for this part
of the country was premature, in
fact most of us have always
thought so. Who then, it will be
asked, is responsible for its adop-
tion? Certainly not the taxpayers
as a body, for the great majority
knew nothing about a vote being
taken on the question till it was
all over and we were suddenly
told of the incursion we had been
saddled with an invoice that is to
cost us many thousands of dollars
unless we can shake it off. It is
to be hoped that the responsibility
for the blunder will be definitely
fixed so that the people will know
where they have to look.

There is one point upon which
I think we shall all agree, and
that is in future to manage our
own school affairs instead of al-
lowing the school inspector to
experiment at our expense. Many
will recollect the occasion when
Mr. Thibodeau originated the
scheme by displaying to a credu-
lous audience a extraordinary
set of figures on the blackboard
by which he sought with specious
arguments to prove that Con-
solidation would actually decrease
our taxation besides conferring
divine aid upon our teachers on
the people. The exact pro-
cedure where we really got it and is
certainly the true value of Mr.
Thibodeau's figures. It is up to
the taxpayers now to make them
understand from an uncertain
man. There may not be time
to right the wrong by appealing
to a higher authority than the
school inspector.

Mr. H. Fitzgerald, an experi-
enced local man, who has been re-
turning a while back at Leavenworth,
has moved to Alix and taken over
the Imperial Hotel. Read the an-
nouncement on page 1.

ASK FOR BUSINESS

ONLY one's most intimate friends
go to one's home uninvited, and the
extent of one's calling list is determined
by the number of one's calls.

In business the same facts hold.

Every merchant in Alix knows
scores of families here and in the
country round about, whose custom
he does not possess.

Mutual acquaintance is the first
step towards getting these families
as customers, and acquaintances
can most surely be developed by
invitations or calls made through
The Alix Free Press.

TO THE MERCHANTS OF ALIX:

Show your desire for business by
asking for it. A merchant who
does not ask for business is sup-
posed not to want business very
keenly.

DIED FOR HIS COUNTRY
A. also was involved in Tuesday morning the end and area of the first meeting among the Alix boys, when Lieut. C. A. Bateman was killed in action.

PASSING OF JOHN WOOD

The death occurred on Monday evening last at his home five miles south of Alix of one of the old timers in this district in the person of John Wood, at the age of 53 years and 9 months.

Deceased was born in the year 1883 in the county of Puslinch, Quebec and after spending a number of years in the Dakota, moved to Alberta and settled in Alix district twelve years ago. He is survived by two sisters and three brothers, Mrs. George Brown of Edmonton, Mrs. Alex. Leitch of St. Paul, Minn., Sam of Leduc, Alta. and W. D. and George of Alix.

The funeral took place to Alix cemetery on Wednesday, the service in the church and at grave being conducted by Mr. William Drigg.

KATHERINE STINSON COMING TO CALGARY

Katherine Stinson, the world's greatest girl athlete, who leaped the hoop three times at a height of 2000 feet and incidentally made the minds of spectators who saw her performance at New York hold their breath is coming to Calgary this month and will give two flights each day at the exhibition.

This is undoubtedly the greatest attraction which has ever been secured for any city in Canada.

Wherever this 20-year-old girl has appeared the papers have been filled with her marvellous work in the air. Last December she said she would equal all the stunts performed by Art Smith, the aviator who was the marvel of the San Francisco exhibition and she started proving her word in Los Angeles, since that time she has appeared in Chicago and New York. Twice a day during the Calgary exhibition dates, June 29 to July 5th, she will make her flights.

Card of Thanks

Mrs. W. D. and George Wood wish to thank their many friends for sympathy and kindness during the sickness and death of their brother, the late John Wood.

Mr. E. Early was a business visitor at Tse on Thursday. Mrs. H. G. Finch and Baby E. were left this morning for Calgary on a three weeks' visit. E. is returning as will attend the convention of the Grand Chapter of the Eastern Star at Bonf.

The Supply of War Supplies is What Matters

The blockade of Germany has been a constant source of worry for the Allies. It is the only way to ensure that the German war effort is crippled. The Allies are working hard to break the blockade, but it is a difficult task. The Germans are doing everything they can to keep the blockade in place. The Allies must be patient and persistent. They must continue to work hard to break the blockade. Only then can they win the war.

An Open Letter

TO FARMERS, RANCHERS, TO ALL MY DEAR OLD FRIENDS:

Some careful, thoughtful and foresighted farmers are buying Whisky, Brandy, Port Wine in large of five and ten gallons. That gives me to understand that I have to see my influence and advise you on this matter. ALBERTA IS GOING DRY—the month of June is the last month that you can buy any liquors—after that time the sale of whisky in this country is not allowed, and the temptation will be stopped. Do you realize what that means? Suppose you don't feel well, you go to the doctor for his prescription, you go to the druggist, he gives you a little whisky or brandy along with some other drug, and you have to take a troublesome every three hours. Don't you think that a glass of whisky—the pure stuff—would help you better, cheaper and quicker? You know it would. What are you going to do when the baby sick, or the cow, without any brandy in the house? After a hard day's work in the sun you feel tired and played out—your wife and friends are trying to cheer you up—you know a glass of the right dose would do the job better than all the talking. You are a financial trouble—your bank wants some money—the machine man and bean companies are bothering you—could a cup of coffee make you forget such nasty things? By next August how will your wife make the pudding tender? She can't use coal oil for that. The stock brings you with a pair of tails, you will need some Dutch courage—how will you get it without having a square bottle handy? Sure, you can make use of the real whisky; you will know the difference from other cheap stuff and still get the same good results. You can't get it without it. For all these emergencies you very much need supply—let's order it now—the time is short and also it will be the last time you can get it in Alberta the last ten days. Wake up, my friends, and hurry up before it is too late—buy as much as your bank book allows—no more as your cellar will hold. It is the best investment you ever made, and in the country you will never get such advance again. It is an investment for your good health, for the health of your family, for the health of your stock.

And besides those emergencies we like to feel happy once in a while.

Send your orders in now—they will be carefully attended to and much appreciated by

Your truly,

J. VAN ROGGEN,

Wine Merchant, Stettler, Alberta

RED CROSS

A shipment of garments was forwarded to Miss Pinkham this week, consisting of the following:

6 night shirts

6 suits of pajamas

4 day shirts

11 pairs socks

There is always work on hand and we should be pleased if the ladies would help us in the making of these garments. The workroom is open every Tuesday and Saturday from 3 to 5. We are sorry to note that not many ladies took advantage of our monthly meeting after the first Wednesday in the month but the ladies who were there plied their needles so swiftly that a nice lot of work was accomplished and these garments are now on their way to comfort some brave soldier. Think of that. Won't you help?

You was served by Mrs. Shore, Miss Mallon and Miss Betman.

The following donations are gratefully acknowledged: Mr. C. M. Yarwood \$10.00 Mrs. M. C. Harrison 5.00 Mr. J. C. Parley 1.00 Mr. Alex Parley 1.00

A sewing box will be held at the home of Mrs. Shore on Thursday, June 22nd, commencing at 2.30 sharp. Please be present.

Card of Thanks

The sisters of the late Lieut. C. A. Betman desire to express their thanks to all friends who have sympathized with them in the loss of their brother.

WE PAY CASH FOR DAIRY BUTTER AND EGGS

THE MEADOW CREAMERY CO.
ALIX, ALBERTA

It Has Been Proved Long Ago That There is No Pot of Gold at The Foot of The Rainbow

Mr. Cream Shipper--

You have been told, or you will be told, by shrewd men, or representatives of, one or other of the Dairy Companies, what all they intend to do for your milk benefit. But nobody will help you more than the right price, the right lot and fair services treatment, and if they promise you more, LOOK OUT.

If we give you a square deal, you will be satisfied, and nobody will give you any more, no matter how many they promise the prospects to you. We are not in business for our health. We want to make every milkman as much as you do. And we will not promise to give you any more than we can, LOOK OUT.

That our customers are satisfied with test, price and treatment, is shown by the fact that when we commenced business October 1st, 1934, we did not have ONE HUNDRED, HUNDRED CREAM SHIPPERS, and in 1935 we had 1343, and made a little over 38,000 pounds of butter. And, we do not doubt but that we will make 130,000 lbs. or more this year.

"Woodland" Butter is already established and satisfactory to the two leading Butter markets of Canada, the Vancouver and Montreal. And, no doubt, more of our butter will go overseas this year than last year.

If we make anything out of the Dairy business, it will be in proportion to our reduction of the cost of manufacture and to our improving the quality of butter we make. More means will lower the cost of manufacture and we will get that this year. New machinery will improve the quality of the butter, and this year we have installed again the latest in this line, the only one of its kind in the last plant of its kind in Western Canada, one of Winnipeg, paid for as an unavoidable expense to compete with even the largest and oldest established Dairy Companies in the Province.

The prices which will be paid for Cream during a coming season, we believe will be varied, lower than last year's results as to our sales, and as to the keeping qualities of our butter, that we command the highest prices that the leading markets of Canada are paying for good butter, and our price for cream will be guided by the fluctuations of the Butter market.

On the course of our progress and on the basis of our pleasant relations with all of our past cream shippers, we respectfully solicit your valued cream shipments during the coming season, which means we assure you will be our richest cream harvest.

Respectfully yours,

To say that the celebration at Alix on Wednesday, July 12th, 1910, was a success is putting it conservative. It marked an event in the history of our town. Despite the fact that our special trials from Calgary were cancelled and the inability of the committee to secure accommodation on any other terms, together with the heavy rain storm the night before, large crowds gathered from far and near to assist and witness the celebration of the 25th anniversary of the Battle of the Boyne and at the same time visit our Annual Agricultural Fair.

At an early hour rigs and motor cars began arriving from towns to the north, south, east and west and by noon the energy of the parties entering to the inner enjoyment of the visitors, was taxed to the utmost. However all was fact and not fiction and when one o'clock arrived, the appointed hour for adjournment to the "House of Action" all were happy and ready for anything and everything that the various sports committees had to offer.

The parade left the Oddfellows Hall headed by the Alix Citizens' Band and turning south passed through the arch in front of the Winnipeg Hotel's residence, then east to Blinck street, north to Railway Street and east to the grounds. The L. O. L. line was representative of Calgary, Glen, Cochrane, Delburne and Alix.

On the arrival at the Exhibition grounds Mr. John Pate took the platform and in glowing terms thanked the Brothers and visitors for attending Diamond Lodge L. O. L. in commemorating the Glorious 12th of July.

A number of outside speakers had signified their intention of being present but owing to the aforementioned disappointments were unable to do so.

The gathering disbanded and immediately the directors of the various sporting events began to call the various teams and invited all those present to participate. We publish a list on the back page.

The exhibits at the Fair were not so numerous as last year but if the quality was fully up to the standard and exhibited much favorable comment from the sightseers. A full list of the prize winners will appear next week.

After the long list of sports had been run through the crowd returned to town for supper and at 7:30 moved to the hall diamond root of town to witness the final game of the day between Delburne and Glen.

Sports at Alix on July 12th

The different items in the horse racing program were all well filled and in each one the winner had a run for first money. We have not been able to secure the names of the winners in all the events on a clear publication of some till next week.

In the corner novelty race L. Harwood was first money while W. Shiel was close second. There were two accidents in this race. Ralph Ayling was thrown to the ground when his saddle turned over but fortunately beyond being stunned he escaped injury. The winner of second money sustained a badly sprained ankle at the close of the race.

The foot race under the management of Messrs. C. E. Carson and W. H. Mitchell proved a great attraction to the crowd and each item was heavily contested. Below we give a list of the winners:

He had been throwing hay from a mow and jumping down struck the handle of the fork which penetrated into his rear on about a foot, tearing the lower badly. Dr. Shaw hurried to the Down's residence and put a number of stitches in the wound. "Chatter" is in a serious condition but at time of going to press is feeling as easy as can be expected.

Dr. Anagar of Stettin, Ontario, will be in Alix next week. See his ad. on this page.

CONCEDE DEFEAT

While there may have been a feeling of disappointment among some people at the news of the successful trans-Atlantic voyage of the big German submarine "Deutschland" coupled with the announcement that the "Bremen" had sailed and others were to follow, there is one aspect of the situation which we are a little prone to overlook.

Germany is not going to all the trouble and expense involved in the turning out of these warmed submarines unless she is quite minded that to position the boat on her ground position of the sea is an impossible feat. The Kaiser, after the failed attempt, loudly proclaimed that Britain's grip on the sea had been broken, never to be broken again. An announcement such as "part of our high sea fleet cruised near the English coast but could find no money vessels" and "a British merchant ship was captured near the English coast by the aid of our high sea fleet" have been frequently heard of late from the German admiralty.

The very fact that Germany has to build submarines to carry small cargoes to and from the United States puts the lie to its mouth of the X-factor because if there were the slightest chance of Germany being able even to count on anything like even ground the supremacy of the sea with Britain would be over and the end of the war would be no thought of building commercial submarines for the sake of the piffling little cargoes that they will be able to carry.

Re. Germany's employment of the commerce adventurer is no another example of the desperation of her cause. It manifests more nearly to a confession of defeat than anything we have yet seen—Calgary Herald.

ON THE SIDE

Our citizens would appreciate a completion of the work on Main Street commenced a couple of weeks ago. It was a good move on the part of the council to not sweep the tank of dirt as they did not ever they want a gutter to run up the road in the centre and make a ditch to carry off the water instead of turning it up in the air in the case of the wind.

It is unnecessary to draw the attention of the "city dailies" to the necessity of getting down the gutter and waste on the various streets along our main streets. The public voted to shut the cattle from our streets, and reason for which was that it would be possible to keep their lot in the street and it is therefore up to the council to see that the lot of the people are carried out a day with the matter would be a wonderful improvement.

THE FROST & WOOD MOWER

GET this Frost and Wood Mower. It has in it every improvement that seventy years of experience can suggest. You can cut a larger acreage with it in a day than ever before. How is it? There are several reasons. First, you have large roller bearings on all power shafting. These save draft, and your team can cover the ground at full walking speed. You can cut quickly. Ample power for all requirements is produced by the wide tread tires and the large gear on axle. The gear picture above at the corner shows

how.

RED CROSS NOTES

Dear Sir or Madam:
In view of the interest being taken at the present time in the Prisoners of War, the Canadian Red Cross Society are anxious to bring certain facts in connection with its Prisoners of War Department before the public.
There were some 1300 Canadian Prisoners of War in Germany before the last fighting. Each of these men (unless we are informed that it is not needed) receives from our society a weekly parcel of bread, together with a substantial parcel of clothing and other food once a fortnight.
The cost of sending this parcel to each prisoner now amounts to \$2.00 per month instead of \$1.25 as formerly, the aim of the parcel having been lately slightly increased. Persons wishing to adopt prisoners may be so happying the expense in connection with the sending forward of these parcels to some special prisoners whose names will be selected for them from our Prisoners of War Department and correspondence may be maintained with the prisoners thus adopted. We are very glad when people adopt prisoners as it leads to more interest being taken in them and it is, no doubt, more gratifying to the men than to know that they are being specially looked after by someone.

Organizations and individuals wishing to adopt prisoners should send the necessary funds thru the nearest local branch of the Canadian Red Cross Society or to the Provincial Secretary, Red Cross Depot, Box Twenty, Calgary, who will advise from the Head Office the names of the Prisoners. Only those 500 to 600 of the 1300 prisoners have been thus adopted and the needs of the rest are being met out of the general funds of the society.
It has been decided now to print these all listed for the Canadian Prisoners of War at Bedford, England, and it will interest the public to know that the Honorary Secretary of the Canadian Red Cross Society was talking to the mother of a prisoner a few days ago and found that he had never missed a single parcel sent from our department and he had been in prison for ten months. It is so much that the money with which to adopt prisoners should be sent to the society before the prisoner's name can be furnished.

Yours faithfully,
A. J. Hunt
Honorary Secretary-Treasurer

ASK FOR BUSINESS

ONLY one's most intimate friends go to one's home uninvited, and the extent of one's calling list is determined by the number of one's calls.

In business the same facts hold. Every merchant in Alix knows scores of families here and in the country round about, whose custom he does not possess.

Mutual acquaintance is the first step towards getting these families as customers, and acquaintances can most surely be developed by invitations or calls made through The Alix Free Press.

TO THE MERCHANTS OF ALIX:

Show your desire for business by asking for it. A merchant who does not ask for business is supposed not to want business very keenly.

WHAT ARE YOU WORTH DEAD

According to a scientific investigation made recently for L. A. the importance of a man's life is about as follows:

For enough for about seven years of sleep. Two to make a medium sized man. Sugar to fill a shaker. Lime to whitewash a chicken coop. Phosphorus to make 2,000 matches. Magnesium enough for a dose of quinine. Sodium to quaternize a pint and a half of water. Potassium to explode a toy bomb. Sulphur enough to rid a dog of fleas. Aluminum enough to make a one of each.

The collection of junk is worth about 50 cents, so that you will be a little impure to refer to any man as being entirely worthless. It is really too bad that a man who is worth twenty to fifty thousand dollars to his family while he is living, isn't worth as much 100 cents when he is dead, unless he has had the forethought to provide for that day when his activities cease.

COMMUNICATION

(This is not necessarily under the provisions of the act, but is only a notice against under the law.)

Dear Sir:

Replying to the letter which appeared in your issue of the 11th last, signed by F. Finzell.

The first impression on a perusal of the said article is the fact that it is of common sense. It is only excused by its lack of truth. The writer states in the most interesting language that the council have a man to read and read up a book of facts, bring them into town and impose them, and even go so far as to intimate that the council was making money out of them, or in other words are a bunch of grafters. Those statements are not only deliberate lies, but would only do the opposite of what is intended, that is, to make the council look better. Mr. Finzell, in his letter, says the truth of the fact, saying that "Fools walk in their single file to lead".

In a time when we are at war, one of the issues of which is to sustain the world over the British idea of equalisation for all elements, the writer seems to forget that a law which is a law for a paper must be obeyed in just exactly the same degree by a paper, yet he has never seemed to suggest German class legislation (excepting the few) at the expense of the law. We must pay tribute to his pen, not judge men. According to Mr. Finzell his article should be allowed to roam our streets at will, destroying gardens and other property both private and public, and also? Not because he has done anything commendable, but because he has not. It is not to consider that those who are doing this but to keep the British idea of equal treatment, and are not trying to make capital for themselves out of the sacrifices they are making for their country. Many of the people of this have relatives who are doing their bit, yet Mr. Finzell is the only one trying to make capital out of it or to take credit for themselves out of the worthy work of their relatives, we haven't heard any of the gentlemen mentioned in his letter making use of this column, they have more sense than to think of such a thing, let alone be published.

Now, let us get at the facts of this misleading. The people of this council the council is administrator of the affairs of the village, not only to the best of their ability but according to the wishes of the people, and that they would confirm the bylaws without fear or favor. At the request of the respondents the council submitted a law bylaw, which was carried by a large majority when the vote was taken. Mr. Finzell being well aware of this fact, yet he allows his article to roam our streets and when they are imposed on it is not good enough to take his machine like a man, but must abuse the council, personalities and continue for doing their duty. If Mr. Finzell had any valid reason why his article should not be law in our streets (as he has) he had better, a common sense, and directly contrary to the Provincial Ordinance, why did he not say so before the vote was taken, but he had ample time to do so. The people who the judges who passed on the case would do the most good to the most people. Resolutions cannot be made, what people

want is common sense. But, no public statements would be too fair and above board, he would rather stand on the street corner and call people who are his betters, professionals and other leading names. At the last meeting he was given a chance to state his case but was not man enough to do so preferring to write a letter to the paper where he would happen in the limelight and not have to stick strictly to the truth, more people would find out that there was such a man as F. Finzell. It is this calling a man a liar through the telephone is perfectly false. It is suggesting a boycott of the town Mr. Finzell is advancing some more German ideas, but as business men we realize in state that should Mr. Finzell withdraw his valuable support we should still remain in business. Now in conclusion, we would say that we have no more of Mr. Finzell's Bill Schmidt in the local paper.

Signed on behalf of the council
F. R. McTavish chairman.

**WHAT IS THE MATTER
WITH AGRICULTURAL
CO-OPERATION?**

There is nothing the matter with co-operation, agricultural or otherwise, and co-operation with a good object as its aim has never made a failure. It is the kind of co-operation that is co-operation only in name that fails. And it is those who grumble about their present unfortunate position, but who have neither the proper pride in themselves or their community to make any effort after a movement has been started, who scoff at co-operation and foolishly condemn it as useless. "Binks of a feather flock together" is the old ad saw but it is true. Take, for instance, agricultural co-operation. In one community the farmers appear to be alive to the injustices to which they are subjected and immediately a remedy is placed before them in a clear, practical manner, all are willing to do his or her little bit, and when the opposition shows up which always will have to be faced, they get quite clearly what it all means and cannot be tempted to ruin their splendid opportunities by backing out. They take an interest and do something instead of standing by and waiting to see if the movement will succeed and knocking the community in which they have chosen to live. The result is success and satisfaction.

Take the same method to another community in which, perhaps, the need for co-operation is greater, and it won't go. Privilege for the community to be killed suddenly take a hand against just because the farmers have organized, then comes the knocking. Only a few will acknowledge that the advanced price is due to the farmers having organized, and we hear "Oh we can get just as good a price elsewhere." Another will say "I am going to wait and see how it goes." Another will say "I wouldn't go to a 'co-op'." I know it will be no good; it is nothing in it. Only two or three in the whole community make any effort and they work hard and are often out of pocket and are the only ones who want co-operation for the future. The whole thing dies and the community slumbers peacefully again.

Those who mistakenly think that co-operation among farmers is against their interests panic continually and those who do nothing to help their own cause easily [?] say "I said it was no good" and they apparently feel no hesitation in having been deceived. What a dismal life is farm life without and how much more comfort and profit you might enjoy if we would help one another and be honest and loyal to ourselves and others.

"Binks."

Mr. Wm. Grigg has been asked by the Dept. of Agriculture to charge of the Alix field pending other arrangements.

Now that your electric wiring is standard, and be careful in the use of electric devices.

Have all smoke pipes and chimneys inspected and properly repaired before starting fires for the winter.

Put your personal responsibility as to possible loss of life and property by fire and act accordingly.

Public Holiday

Monday, Sept. 14th, being Labor Day, and therefore a public holiday, all places of business will be closed. Buy a double supply on Saturday.

RED CROSS

The morning afternoon will be held in the Parish Room on Wednesday, Sept. 14th, at 2:30 p.m. We hope that the ladies will make an effort to be present with their thimbles and needles. Tea will be served by Mrs. E.M.H. Pivett, Mrs. W. L. Pivett and Mrs. C. H. Pivett.

We have some nice shirts on hand to be made. Mrs. Mitchell would be pleased to see ladies at the work room on Saturday.

A vote of thanks was passed by the committee to Lord, Toner for his nice sum of £20.50 on the result of his interesting lecture of his own experience at the front. A donation of £50 was sent to the General Fund.

The aim of the Red Cross Society for the second year of work has been to effect an 100% increase in its activities on other side. For every pair of socks knitted during the year, for a total of 1000, for every quilt made, for every dollar contributed we hope this year to receive two.

Our Patriotic has done splendidly in regard to their quilt and socks. Regularity and devotion with regularity and devotion has been the motto. It is greatly appreciated to purchase as much of supplies which we cannot reach. It is necessary to collect \$200,000 before the 15th of October if our aim is to be realized.

With your branch make a further effort to assist in making contributions now as greatly needed at the present time.

The following donations are gratefully acknowledged:
Mrs. E. L. Tishy \$5
Thanked for
Work is always on hand in the workroom.

MUST HAUL THEM ALL

The following is a copy of a letter issued by the Department in connection with the recent school trouble, and speaks for itself.

"In this connection I have to advise you, (W. L. Peat, Secy), that the school authorities and the regulations of the Department do not contemplate the exclusion of pupils from school after they have reached the age of sixteen; on the contrary it is the policy of the Department to encourage the education at school of such pupils as long as possible.

To exclude them from the privilege of the van would in this case be tantamount to excluding them from school, and consequently the Department cannot adopt this line of action with respect to the resolution in question.

Your obedient servant
D. S. M. Kealy,
Deputy Minister

OCTOBER WEDDING

A pretty wedding was celebrated in the Presbyterian church at
Hayes at 10 a. m. on Wednesday
of this week, October 26, when
Gladis Cathers, Miss was united
in marriage to Pto. Augustus Jan-
sen Henry Roland, son of Mr. A.
J. S. Roland of Alix.

The ceremony was performed by
Rev. M. A. Halden, rector of this
parish, in the presence of a
large number of friends and relatives
who had gathered to watch
the young couple leave a virgin.

We feel in extending best wishes
to this popular young couple.

Archie constituency is first in
the alphabet and also apparently
intends to be first in its contribu-
tions to the Patriotic Fund as it
has already remitted \$11.00 to
ward the 1916 17 Patriotic Fund.
The cheque was forwarded by Mr
Andrew Boyd of the Indian Vail
ay Association a few days ago.

Other points which have sent in
creditable amounts to be applied
on the new Fund are Red Deer
\$10.00, Coleman \$75.00, Balm-
erston \$60.00, Macleod \$60.00.
The generous donations al-
ready mentioned equal well for the
Patriotic Fund for the coming year
on the general campaign for con-
tributions has not yet been started.

Mr. G. H. of Red Deer,
Ontario, is a guest at the home of
his brother, Mr. F. H. Mitchell.

WORD FROM SCOTTY

Fraser, Sept. 24

Mr. P. Rowell
I received your letter the day
before leaving England. You
mentioned some of the claims but
I have not received it as yet.

Well, I have been in the trench-
es for six days and the only but
effect so far is that I got looser,
but that means to be nervous
here, it is taken for granted that
we have to get that way some of
the druggists are alive with live and
safe, not a very agreeable combina-
tion, I can assure you.

I saw J. Macbride for a few
minutes a few nights ago but was
on the verge of the time, he never
knows where we are going. He
is engaged not to hear from where
I am but I can't write the name of
my camp and it will be a chance
if I see him again for some time.
He said his field was not feeling
very good. Jack is looking fine,
he has what we call a bomb proof
job and I don't think him if he
stays with it.

Will claim with best wishes to
all.
Yours, sincerely,
P. A. Macbride

REGARDING TRANSFER

The following is in reply to a
letter from Mr. J. P. Dwyer to
the Board of Railway Commis-
sioners and would seem to indi-
cate that Alix will get transfer
trucks some time.

"Re Transfer Trucks for
Alix, Alberta
Dear Sir--I have your letter of
the 11th instant and in reply beg
to say that this matter is still
under advisement of the Board.
Yours truly,
A. D. Cartwright
Ottawa, Sept. 28, 1916"

This letter may mean much and
it may mean little, but the fact
that the matter is under consid-
eration raises the hope that Alix
will be long on her toes three
times of railway haul together by
the transfer.

that the Dweck Collieries will be under the manage-
ment of Mr. W. Penman for the winter of 1916-17.

AN OPPORTUNITY TO DISPOSE OF FEED GRAIN

Farmers who desire to utilize
their surplus cattle feed during
the coming winter for fattening
purposes are offered special in-
centives by the Canadian Pa-
cific Railway to add to their bank-
ing a reduction in the rates of
the company on cattle rendered
from Calgary, Edmonton, Winst-
on, Moosejaw and Neakoma to
country points.

Canadian Pacific Railway offi-
cials announce that the reduced
rates will become effective im-
mediately, and will apply to cattle
intended for breeding, finishing
or feeding. This reduced rate is
intended as an inducement on
the part of the fact that the year
perhaps is an unusual amount of
grain that will set go to mill and
farmers will find it very profit-
able to use this for the pro-
tection of stock for market.

These rates apply to all stations
in Manitoba, Saskatchewan and
Alberta except stations west of
Canton in Alberta, and only ca-
ble returned in farmers for
provision, finishing or feeding on
production of signed certificate
testimony of which will be fur-
nished by the local secretary of
the Grain Growers Association
and that of the provincial asso-
ciation of the same condition.

ADVERTISE YOUR BIZ

Don't imagine for a moment that advertising will not bring you results in your immediate & M.

That is an error that many merchants make, when they assume themselves that their store is so well known that it doesn't require newspaper advertising—that the trade will naturally come to the store.

There is not a store in the world that has no secure footing in the trade and you are not doing business in a field but that your sales can be increased by useful newspaper advertising.

It is not true, why is it that the success of mail orders is constantly going out of town to catalogue houses?

ASK FOR BUSINESS

ONLY one's most intimate friends go to one's home uninvited, and the extent of one's calling list is determined by the number of one's calls.

In business the same facts hold.

Every merchant in Alix knows scores of families here and in the country round about, whose custom he does not possess.

Mutual acquaintance is the first step towards getting these families as customers, and acquaintances can most surely be developed by invitations or calls made through The Alix Free Press.

TO THE MERCHANTS OF ALIX:

Show your desire for business by asking for it. A merchant who does not ask for business is supposed not to want business very keenly.

"NEVER AGAIN"

NO TIME FOR RECK TALK

There is no end to the war in sight. Any step at this time to the United States, the Vatican or any other neutral is the direction of peace would be construed by England as an unneutral, pro-German move.

The United Press is able to state that the British cabinet has decided to continue the war on the basis of the hour, the Right Hon. D. Lloyd George, Secretary of State of War.

"British has only begun to fight. The British Empire has inherited thousands of its best lives to purchase future immortality for civilization. This investment is too great to throw away"—was the British statesman's warning of the situation.

Now that at any time there is the possibility of the war there is evidence throughout England a general suspicion of America, especially when it did not enter the war. This feeling appears to be directly attributable to a nation, generally entertained by the men on the street, that President Wilson, who had refused to believe and later with him, who had been induced to battle for the purpose of stopping the European war. A similar suspicion of Spain and the Vatican is also manifest. Lloyd George was asked to give the United Press, in the simplest possible language, the British attitude toward the recent peace talk.

"Simple language" he queried, with a half smile, then thought a moment.

"Speaking crass and pretty well understood whether English is spoken" he said. "I am quite sure they are understood in America. Well, then, the British attitude is a good opportunity. He related in this war in a sporting spirit—in the best sense of the term. He went in to see his fair play to a small nation struggling against a bully. He is fighting for fair play. He has fought as a good opportunity. By the time, and he has had a good opportunity. He has never asked anything more than a sporting chance. He has not always had that. When he wouldn't get it he didn't quit. He played the game. He didn't expect and he has certainly never asked anyone to equal for him."

The Secretary for War, who looks and talks more like an American business man than any other Englishman in public life, was now speaking real United States. There was scarcely a trace of the usual British intonation or accent in his voice.

"Under the circumstances" he continued "the British, now that the fortunes of the game have turned a bit, are not disposed to play because of the possibility of being by Germany or done for the Germans by probably well-meaning but misguided sympathizers and benevolence."

"For two years the British did had a bad time—no one here we as well as he had a bad time. He was easily inferior in equipment. The vast majority of the British soldiers were inferior in training. However the Allied nations have all about the ring. He didn't expect other to question or refuse to stop the fight on the ground that it was true. He did not ask the rules to change. He took his punishment when he was hit. He did not

was a grinning. When forced to take refuge in a trench, when he had to wait until the fight was over, he was as calm as a child. He fought off every attack. He killed his time. He endured without wincing. He endured without a sigh."

Lloyd George's eye was caught by the sight of the big man in Whitehall, he tilted back in his chair and studied the fellow as if seeing there a glimpse of Tommy's game fight in the early stages of the conflict.

"I had at this time and under these conditions what was the winning German doing?" he asked. "Was he worrying over the terrible slaughter? No—he was talking of winning Belgium and Poland as a result of his victory." And as he was making the maps of Europe without the slightest regard to the wishes of its people the British people were preparing to pay the price we have now to pay for time to get an army ready. It is one thing to look back on the smouldering British soldier in the first two years of the war but it was a different thing to look forward as he did and know that nothing could be avoided.

"During these months when it seemed the faith of the British Army might come quickly. Germany decided to make this a fight to the finish with England. The British soldier was ridiculed and held in contempt. How we intended to see that Germany has her way. The fight must be to a finish—to a knock-out."

ASK FOR BUSINESS

ONLY one's most intimate friends go to one's home uninvited, and the extent of one's calling list is determined by the number of one's calls.

In business the same facts hold. Every merchant in Alix knows scores of families here and in the country round about, whose custom he does not possess.

Mutual acquaintance is the first step towards getting these families as customers, and acquaintances can most surely be developed by invitations or calls made through The Alix Free Press

TO THE MERCHANTS OF ALIX:

Show your desire for business by asking for it. A merchant who does not ask for business is supposed not to want business very keenly.

SPECIAL DELIVERY OF BAGGAGE

The Great Trunk Pacific Railway has just completed an extension of its arrangement whereby baggage can be checked through direct to residences or hotels in various cities.

In Western Canada the arrangement now applies to baggage directed to Winnipeg, Saskatoon, Regina, Moose Jaw, Calgary, Edmonton, Vancouver and Victoria.

In Eastern Canada the arrangement applies to Hamilton, Montreal, Ottawa and Toronto. In addition to the Canadian cities, there are a large number of cities in the United States to which the arrangement is in effect.

Overseas passengers travelling through New York find the arrangement very convenient for they have a special delivery check attached to their baggage which takes it through to the steamship wharf and they are able to there instead of having to call at the railway station.

Full Canadian rates of charge for special delivery of one trunk to 25 lb, except Vancouver and Victoria where it is 30 lb. These charges, of course, only apply to the portion of the item where usual transfer rates are in effect. When baggage is checked to outlying districts of the city, it may be subject to additional charges on arrival. Standard rate, however, covers a large portion of every city named.

GREETINGS FROM FRANCE

France, Dec. 28, 1916
Editor Alix Free Press
Dear Sir:—As I find it im-
possible to write each and every
one of my friends in Alix
and surrounding country for
Xmas, I decided to write you and
ask you to insert this note in your
column.

I have every assurance that the
people over there clearly under-
stand, and I am sure it is for
you to print, but still I do not want
them to think that though the
period of over a year has elapsed
you do not forget any of them, espe-
cially at this time of the year. I
never shall forget the kindness
I have received from some of their
people.

I noted a letter in The Free
Press written by P. A. Main in
which he said he had seen me
and that I had what you would
call a hard good job. Perhaps
he was right but still I think if
I thought I had been with you over
about 1 year to France his views
would be changed considerably. I
will admit that my job is not the
most dangerous but still I could
not find this writing it was worth
good for fear I might make a mis-
take.

There is really nothing that I
can tell you of any interest to you
as I think I had better ring off.
I might just say that the weather
is quite cool and the last few
nights it has frozen quite hard.
I really feel the cold more over
here than I ever did in Canada. I
am feeling real well and slowly
hope you all are the same.

Wishing you and all a Very
Merry Christmas and a Happy
and prosperous New Year, I beg
to remain

Yours very sincerely,
Jack H. Brecken

NATIONAL SERVICE WEEK

Every Man in Canada Will Have
a Part To Fill Out Soon

Nation Service Week is draw-
ing very near and the fact that
the first week of the New Year
years that this is something in
which everyone in Canada has
interest. The men are inter-
ested because it is obligatory upon
each of them, between the
ages of 16 and 65 years, to fulfil
one of the periods which the Gov-
ernment is seeking to bring
rough the most active activities.
The women are interested be-
cause their cooperation is being in-
vited, in seeing that their men-
folk attend to this important duty.
The children are interested be-
cause their school teachers have
explained to them the meaning of
National Service and the way in
which father and the big brothers
at home have to help in the na-
tion as a whole.

To write in the answers and re-
turns the most promptly is a good
New Year's resolution for every
man throughout the Dominion
and it is the advantage of being
ready to do so. Every man has
a few minutes' careful thought.
The postman in the winter gets
the hard work for he has not
only to deliver cards, he is re-
sponsible also for their prop-
riety. Prompt writing of the
answers will make the postman's
work very much easier.

National Service means that we
are together into that frame of mind
which will cause us to think of
the needs of the country, to make
sure that the interests of the state
have a greater claim on us than
our self-interest. This applies to
everyone from the highest to the
lowest. The Prince of Wales
is no exception. His "I serve" may
well be the motto of every citizen
of the British Empire at this
time. There are many ways of
serving the nation besides going
to the front. The man on the
farm and the mechanic in the west
